1. References A and B concern reporting by AMBIDY/I on an alleged conspiracy developing in Venezuela among right-wing members of COPEI to overthrow the LEONI regime. JMWAVE reviewed the two reports (references) and is forwarding pertinent information developed for appropriate use by addressees.

2. Reference A paragraph 2 states AMBIDY/I said Venezuelan Major (fnu) *GUTIERREZ (Miami representative for plotters) commutes between Caracas and Miami, and his telephone number in Miami is 887-0795.

A. The Miami numerical telephone directory lists the telephone number 887-0795 for Anselmo *ALVARADO, 550 Falcon Ave., Miami Springs, Florida. (For additional WAVE info re one Anselmo ALVARADO, see Reference D.)

B. Reference C reported that a (fnu) GUTIERREZ, 550 Falcon Ave., Miami Springs; telephones: TU 7-0795 (i.e. same number), was listed in the telephone notebook which belonged to Major Rafael Ange' MOLINA Franco when he (MOLINA) was captured.

3. Reference B states that their (coup group) military contact is Colonel (fnu) *MARTIN Parada. On 30 July 1965 CIHARSH/1 reported he had received the following information on a Colonel (fnu) MARTIN Parada from Major Hugo *ARAQUE, a retired member of F.A.V. (Venezuelan Armed Forces) residing in Miami, who claims to be a close friend of Colonel MARTIN:

A. (fnu) MARTIN Parada, a retired colonel of the Venezuelan Armed Forces, arrived from Venezuela on 28 July 1965 aboard a LEBCA plane as "an extra passenger", and was staying at the Hotel Dilido on Miami Beach.

B. ARAQUE said Colonel MARTIN had participated in several ill-fated uprisings since General Marcos PEREZ Jimenez was ousted.

C. In 1962 MARTIN was imprisoned and later released by presidential decree. However, upon his release, he was dismissed from the Venezuelan Armed Forces.

D. CIHARSH/1 commented that from conversations with ARAQUE, he believes that MARTIN is active in conspiracies supported by financially strong elements such as Eugenio *MENDOZA, who collaborates with the PCV/FALN in order to protect his interests. CIHARSH/1 said MENDOZA pays the PCV/FALN for protection as do many wealthy people in Venezuela.

Mr. F. R. Castro
P.O. Box 8697
Baltimore 40 MD.

Estimado Señor:

La presente es para notificarle de varios asuntos de interés:

- 1-Una conspiración militar guatemalteca, encaminada a derrocar al Gobierno de Perabta, ha fijado como plazo hasta un término de 15 días a partir de la fecha de la presente, para dar el golpe. Dicho grupo militar envió una representación al Coronel Ponciano para ponerle la siguiente alternativa: o se une al Golpe y lo eligen Jefe de Gobierno, o de lo contrario, lo sacarán del país en caso de que ellos triunfaran. El Coronel Ponciano está dudoso y ha mandado a preguntar al General Somiza su opinión al respecto. Le han dado 3 días para decidir. Procuraré averiguar los nombres de los militares y su fuerza real dentro de las Fuerzas Armadas. El estado del país es caótico y de terror por los secuestros perpetrados por las guerrillas de SOSA, que amenazan con el secuestro y hasta con la muerte, a quienes no colaboran con dinero.
- 2-El Licenciado Oriuber, de Costa Rica, me ha pedido ayuda abierta del Movimiento para demostrar en su campaña electoral que él no es un nuevo Fidel Castro. La revista Triden iniciará a partir del número de Diciembre, una serie de reportajes exclusivos con Oriuber, encaminados a este fin.
- 3- Voy a verificar una lista que me han dado de casas en Costa Rica, donde se supone e haya armas escondidas, parte de los comunistas, y parte de los conspiradores Frank Marshall y Compañía. Cuando la verifique se las envío.
- 4- Tengo toda la organización de seguridad de Costa Rica (la del MRR) para tratar de secuestrar al tal Giovanni que luce ser el Jefe de subversión para el Caribe de Fidel Castro.
- 5- Les envío el último ejemplar de "Criterio Juvenil", órgano de nuestras juventudes, que circula por todas las organizaciones juveniles, incluyendo las universitarias,

de todo el mundo, y más capicemente por Latino-americanos.

6- Se iniciará en Enero la construcción del taller de electricidad y de la Escuela técnica para enseñanza de los indios de mecánica, electricidad y soldadura y manejo de Equipos pesados.

7- Esperamos que a fines de Enero venga el primer grupo de Indios a tomar el curso de cooperativas en nuestra Granja Modelo. El Gobierno Nicaragüense paga el viaje, nosotros pagamos la estancia y solo necesitan saber cómo conseguir las visas de los Estados Unidos. Los cursos durarán 3 meses. Cada grupo será de tres indios.

8- La Revista Tridente ha aumentado su venta y su tirada, y actualmente se distribuye en:

Miami, New York, Chicago, California, Los Angeles, Puerto Rico, Tampa, Nicaragua, Costa Rica, Honduras, Venezuela, España y Alemania. En España se distribuye gratis y personalmente, pues el Gobierno no ha permitido su venta libre.

9- Se está terminando el Curso de Política Internacional de la Escuela de Capacitación de Dirigentes del MRR.

10- Adjunto varios ejemplares del folleto: "Puntos de Meditación", que forma parte de los textos que se editan para los militantes del Movimiento, pero que puede ser útil para quien quiera conocer la idiosincrasia del Latino-Americano.

11- Este año el Movimiento repartirá juguetes en Navidad (sin la humillación de la publicidad) entre los hijos de los mártires y presos del Movimiento que estén en Miami.

12- Está listo para la impresión el libro: "Cuba Rostow: Marx o Lim-Piao?" del que les escribe, que es un análisis de los factores que han intervenido en el subdesarrollo económico de latino-america y que analiza muy de cerca la excepción del caso Cuba. Sostiene que los comunistas jamás han sido Marxistas en la aplicación de la teoría del determinismo económico, y que la tesis China es peligrosa porque no es marxista, sino que analiza los problemas económicos de acuerdo con la tesis realista y verídica de Rostow.

13- Están en estudio dos púfletos que circularán periódicamente por correo, uno para los cubanos: Cuba por dentro otro para circular por Latinoamérica: Cuba la vacuna colorada.

14- Valdrá a insistir en la necesidad de empezar cuanto antes con un programa en onda larga para Cuba, dos o tres veces a la semana, donde se nos dé oportunidad de hablarle a los milicianos, a los becados, a los militares, a los técnicos, a los estudiantes, a los obreros y a los campesinos. Solo necesitamos el espacio de tiempo y el costo de los "Tapes". Lo demás va por cuenta del movimiento.

Sin otra cosa por el momento se despide de Vds. con un abrazo,
en "Cuba o nada" ;

MEMORANDUM FOR: Deputy Chief, WHD for Cuba

SUBJECT: Status of AMCIVIC - AMBIDDY-1

1. The status of the AMCIVIC activity has reached the point where it must either be made into a useful ongoing activity or die for lack of purpose and justification.

2. As it now stands the activity's Principal Agent, AMBIDDY-1, is both literally and figuratively "flaying about" in a series of half-projects and half-plans which are neither meaningful to the Agency, meaningful to A-1 nor meaningful to his political movement. If he is to be taken at his word he is currently deeply involved both financially and politically with General Anastasio Somoza of Nicaragua. Financially he has committed some \$75,000 of his Movement's money in a shipbuilding scheme supposedly to be established at Monkey Point, Nicaragua. The plan, as envisioned by A-1, would be, that upon completion of these shipyards, they would offer employment and educational opportunities for the ignorant and poverty stricken Indians of the area. Once in operation, A-1 expects that the profits from this operation will be plowed back into other endeavors such as a fishing cooperative and a farming cooperative--also to ultimately benefit the area's indigenous population. All of this, of course, hinges upon two fundamental factors: Firstly, it depends upon the continued goodwill of General Somoza, together with his willingness to contribute monies to the previously mentioned scheme. Secondly, it depends to a lesser extent upon A-1's ability to forge ahead with the program. This in turn hinges upon A-1's financial status and abilities.

3. As to the first factor, General Somoza has never had a reputation for benign magnanimity. The facts show quite the opposite. He has a reputation for being a hard-headed self-seeking businessman/militarist who now aspires to political office. Anyone who can help obviously receives his support.

SECRET

Therefore, should A-1's project meet with success, Somoza would benefit both financially and politically. It is difficult to imagine A-1 deriving the same advantages especially when added to these considerations, is the fact that they have nothing whatever to do with Cuba or Cubans.

4. As to the second factor, and returning to the more realistic aspects of the problem, A-1 in the past has demonstrated his ability to sell ideas and projects. In a word he is a politician. However, when it comes to administrative, business and financial matters he is singularly inept. This was amply demonstrated during the AMWORLD era when it was only thanks to the efforts of other well-qualified people that the project was ever able to sustain itself. In summary, as it now stands A-1 is in the position of being wholly beholden of the good offices of General Somoza. He further derives no political advantages from this and is engaged in projects for which he has no basic qualifications. In a sense he is leading with his weakest card. More seriously, his efforts are politically out of focus.

5. The above presents an admittedly gloomy picture of A-1 and his current activities, however, there are certain aspects of the situation which might be used in order to rechannel A-1's efforts. For one, A-1 claims that his magazine Tridente is now running in the black (this, of course, comes from A-1 who probably has difficulty distinguishing an asset from a liability). Secondly, he has purchased 22 acres of land in West Palm Beach where he is supposedly to start training Nicaraguan Indians in the complexities of cooperative farming. Both of these endeavors represent the positive and realistic side of A-1's program. They also represent, or could represent, his Cuban efforts instead of his Nicaraguan efforts. Instead of Nicaraguan Indians, A-1 should be concentrating on training Cuban exiles. Using the proceeds from the two Swift launches, he should expand the acreage of his farm to the point of possibly making it a self-sustaining show place for his cooperative students. In so doing he would be refocusing his political efforts while at the same time improving his Cuban image. From the Agency's point of view it could also be more easily supervised.

6. It is therefore requested that the undersigned be allowed to sit down with A-1 and point out the folly of his current activities and attempt to refocus them along the lines mentioned above. Should he accept these suggestions further efforts would then be made to encourage A-1 to hire a

SECRET

competent businessman to supervise his financial affairs. Further, once located (preferably by us) future support payments would be made to the business manager instead of to A-1, with stricter accounting and double-checking involved. It would also be suggested that less security would be observed and more direct looking into A-1 business would be the order of the day. As such, it is also recommended that the undersigned be allowed to actually visit the farm and report back on the actual status of the farm. A-1 would also be told that henceforth, except on FI collection missions, he should confine his efforts to the farm and developing a sensible program for cooperative training of Cubans, not Nicaraguans, or any other nationals.

7. In summary A-1 should be told that unless he is prepared to refocus his activities more realistically the Agency's gravy train is about to pull into the station.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation with AMBIDY-1 201

1. AMBIDY-1 telephoned the undersigned and indicated that he was forced to postpone his projected interview with President Raul Leoni of Venezuela due to the latter's having a tight schedule. As it now stands, A-1 plans to travel to Venezuela within ten days for the projected meeting.
2. A-1 stated that he was in contact with Costa Rican Presidential candidate, Daniel Oduber, during his last visit. Oduber supposedly asked for A-1's assistance in trying to overcome a recent spate of rumors surrounding his (Oduber's) allegiance with Communists. (Note: A-1 is already printing some of Oduber's campaign material, so presumably this request falls within the context of the general propaganda discussions which A-1 and Oduber held).
3. A-1 was asked if he had picked up any further information on the "mysterious Italian" which he reported on during his previous Costa Rica visit. He said that he had not but that his local representative in San Jose had been given instructions to try in every way possible to develop further information on the man. As an aside, A-1 stated that he had discussed the matter with the Chief of the Costa Rican Security Service. More specifically, A-1 asked that if by chance his own men located the individual, whether the Costa Rican Service would mind if he "transported" the man across the border to Nicaragua where they would be better able to deal with him. He claimed that the chief offered no objections to this plan. The undersigned cautioned A-1 on any international "transporting" schemes.
4. From Costa Rica, A-1 traveled to Nicaragua where he held a meeting with Anastasio Somoza. The discussion centered on A-1's scheme for setting up a shipbuilding and dry dock facility near Monkey Point. In the course of this discussion, A-1 claims to have obtained an offer from the GON for the

SECRET

SECRET

-2-

financing of the shipyard in the amount of \$125,000. A-1 claims that this amount, coupled with his own contribution of \$75,000, should be enough to begin construction of the facility as well as a school for teaching the indigenous people of the area how to read and write in addition to acquiring a skill in shipbuilding and repairing.

5. As for politics, A-1 stated that Somoza was definitely not interested in embroiling himself with the Guatemalan and Costa Rican coup planners such as Roberto Alejos Arzu and Miguel Ruiz Herrera. The main reason for this was his concern with his own campaign in Nicaragua. Somoza, however, admitted to A-1 that he had given some money to Guatemalan Col. Ponciano in order that the latter would be able to start his electoral campaign in Guatemala. A-1 emphasized that the money was intended to support a legal campaign within the framework of the current constitutional and electoral laws and not for support of the extra-legal efforts of Alejos and company.

6. As an item of incidental interest, A-1, while in Costa Rica, met with Roberto Madrid, the current Secretary to the Costa Rican President (possibly Secretary to the future President). Madrid in the past had been most helpful to AMBIDDY-1's movement in Costa Rica. By coincidence, Madrid was on his way to Miami for a one-week vacation so that A-1 invited him to stay at his house and attend his daughter's baptism. Madrid and his wife, therefore, are current AMBIDDY-1 house guests.

7. Finally, the undersigned queried AMBIDDY-1 on whether he had been successful in obtaining a Nicaraguan passport for AMJAVA-4 in order that the latter might proceed with his plans for enrolling in the University of Mexico. A-1 replied that the passport was issued by the GON and would be mailed direct to A-4 within the next week or two.

1. Transmitted herewith are tape recordings of talks which have been taped by AMBIDDDY-1 at the request of Headquarters for possible re-broadcast into Cuba. As originally conceived, it was thought that AMBIDDDY-1 would firstly set forth in broad terms reasons for his talks and then proceed through a series of short speeches to address various political and economic groups within Cuba - such as the "becados" and the Military elements. In each case the overall theme would be to appeal to the basic patriotic emotions of the various social groups and then contrast this patriotism with the current regime which has not only betrayed the ideals of genuine social justice but has betrayed the nation itself.

2. It is therefore requested that the Station review the attachments, which have been submitted on a pilot basis, and that any suggestions and/or comments regarding their usage be forwarded to Headquarters for further consideration. Please also include views on what Radio Station would be most appropriate for the broadcasts.

MEMORANDUM FOR: Deputy Chief, WHB for Cuba
SUBJECT: Current Status of AMJAVA-4

1. AMJAVA-4 is currently awaiting news from Nicaragua on obtaining a Nicaraguan passport for use in getting into Mexico. AMBIDY-1 has promised to look into the matter for him and upon his return from Venezuela, via Nicaragua, should have definite news. AMBIDY-1 returns from his trip around 15 December. In the interim, AMJAVA-4 has been doing some work for SOD/Maritime such as spotting and recruiting suitable candidates in the JMVAVE area for use in an operation currently being run on Lake Tanganyika.

[REDACTED]
[REDACTED] This latter plan, however, fell through. He has also been enrolled at a junior college in the JMVAVE area in order to improve his English.

2. AMJAVA-4 has been asked in very general terms if he could put together a sabotage team composed of trained ex-AMWORLD personnel. He was most enthusiastic and stated that he was in constant touch with many of the ex-AMWORLD group and that he could put together a team in fairly quick order. It was emphasized that we (KUBARK) did not have anything specific in mind but if his Mexican schooling plans failed we might have to consider other possibilities including his use in a sabotage operation.

1. FYI: HQS HAS BEEN ADVISED BY CGACTD THAT ON MORNING 3 DEC 65, COL MIGUEL RUIZ DEPARTED US FOR CENTRAL AMERICA FROM MIAMI INT'L AIRPORT. ODURGE, AT THE REQUEST OF OD300V, AFFIXED CANCELLATION STAMP HIS VISA THUS PRECLUDING RE-ENTRY. IT INEVITABLE ALEGRETTE WILL SOON LEARN HIS CO-CONSPIRATOR'S FATE AND HOPEFULLY PROFIT BY EXAMPLE.

2. WAVE ONLY: SUGGEST HAWLOTT RE-CONTACT ALEGRETTE AND ADVISE HIM HE MUST ABIDE BY LAWS OF LAND WHILE HERE. THIS TO INCLUDE REGISTERING AS SOMOZA AGENT WITH ODENVY SHOULD THEY REQUIRE THIS. FINALLY, THAT KUBARK HAS NO INTEREST IN HIM AND THAT HE IS TO REFER TO ODENVY IN ANY FUTURE CONTACTS HE MAY WISH TO MAKE WITH ODYOKE. SUGGEST HAWLOTT APPROACH BE PHRASED IN TERMS OF PERSONAL ADVICE RATHER THAN OFFICIAL ADMONITION. FYI: WISH POINT OUT ANY HARASSMENT ALEGRETTE MAY BE EXPERIENCING IS MOST LIKELY WORK OF OD300N RATHER THAN ODENVY.

3. SINCE ALEGRETTE CAN LOGICALLY ASSUME HAWLOTT SPEAKING FOR GALBOND, HQS EXPECTS NO FURTHER ATTEMPTS ON HIS PART TO RECONTACT KUBARK.

Estimado Señor:

Primero quiero enumerarle el significado de los documentos que le adjunto:

- #1- Copia fotostática de la carta que se supone Daniel Cduber escribió a Nora Valverde. No hay certidumbre de esto, pues el documento es procedente de José Ivan Filet, quien lo recibió de Miguel Ruiz Herrero.
- #2 y #3 - Copias fotostáticas de peticiones hechas por Daniel Cduber a distintas funcionarios del Gobierno Costarricense, presentando a ciertos comunistas para que les resuelvan los problemas que tienen. Tienen la misma procedencia que el documento anterior.
- #4 y #5- Cartas recibidas por Eduardo Nora Valverde y Manuel Nora Valverde de la República Dominicana, donde se exponen detalles interesantes sobre Raúl Castro y sobre la situación interna de Costa Rica. Fuente de origen: Luis Arizurrieta, delegado nuestro en Costa Rica, obtenidas a través de un amigo de "Costa Rica Libre", que parece ser amigo también de Ruiz Herrero. Pero estas documentos, si son inventados, lo son por el amigo de Miguel Ruiz, no por él.
- #6.- Documento que se supone sea la organización comunista en Centro América y el Caribe. Fuente de origen: Luis Arizurrieta.
- #7.- Lista de los miembros de la S.C.A.P., sociedad que se supone sea la que suministra hombres en Costa Rica, para ser entrenados en Cuba y regresar a su país con planes de subversión y sabotaje. Fuente de origen: Luis Arizurrieta.

El Sr Luis Arizurrieta tiene un grupo de muchachos jóvenes, reclutados entre los amigos de un joven costarricense que trabajó con nosotros cuando teníamos campamentos allí; que se han infiltrado en la juventud socialista de Costa Rica. A través de esta red se han obtenido los siguientes informes:

- 1- Que desde Julio de 1965, hay un hombre en Costa Rica, que llegó al parecer de México, que es conocido con el nombre de "Giovanni", que luce ser italia-

no, que medirá aproximadamente 1.75 ms. de alto, delgado, pálido, que siempre suele llevar gafas, que tiene el pelo largo y lacio, con entradas pronunciadas, y canchis canchis e los lados de la cabeza (sienes), que viste bien y suele andar erguido. Ocasionalmente y afiladas. Nuca del cuello prominente.

Este individuo ha sido visto en Turrialba, Costa Rica, en conversaciones con el oficial Aguilar, que lo trata con mucho respeto. También ha sido visto en el Restaurant "El Príncipe", frente al Hotel Costa Rica, en charla con individuos de acento paraguayo. Ha sido visto también en el Restaurant "Chi-Kon" San José.

Una vez estaba en este último Restaurant, conversando con Isidoro Guzmán, policía de las Radio-Patrullas, vestido de paisano Guzmán.

Todos lo tratan con mucho respeto y se han oído comentarios entre ciertos sectores comunistas, de que este hombre viaja mucho por Centro-América. Lo consideran un jefe de muy alta jerarquía.

Según lo que se ha reportado de Costa Rica; la Embajada Cubana en México, envía mensajes a Costa Rica a través de la Embajada de Bolivia en San José; muchas veces, a través del Apartado 1261 de San José.

Parece ser que Ubaldo García, cubano que trabaja en Televisión, canal 9 y Francisco Gamboa, son los encargados de manejar el asunto de cubanos infiltrados en Costa Rica, bien para Costa Rica, o bien para otros países de Centro-América.

Sin más nada por el momento se despide de Vds. muy atte. su s.o.

MEMORANDUM OF CONVERSATION

SUBJECT: Contact Report

1. I contacted AMWORLDY-1 (A-1) 17 November in order to discuss the rumors surrounding his having met with Nicaraguan Captain Jose Ivan Alegrette. A-1 confirmed that he had held a meeting with Alegrette 16 November. During the course of the meeting Alegrette had proposed to purchase the remaining AMWORLD arms currently located in Nicaragua. A-1 refused to discuss the matter with Alegrette and told him they were not for sale. He assured the undersigned that KUBARK need not worry about the arms falling into Alegrette's or anyone else's hands. Alegrette also offered to put A-1 in contact with Roberto Alejos Arzu, Guatemalan millionaire and a constant plotter against the regime of Peralta. A-1 met Alejos the following day and the details of the meeting are outlined below. In any case, A-1 assured the undersigned that the arms in his possession are currently hidden in the basement of two houses located in Managua and Bluefields respectively. The arms total about 100 rifles, sub-machine-guns and carbines. There are also two bazookas and four small (60 millimeter) mortars. A-1 also stated that only three trusted AMWORLDER's are aware of the location of the arms; one of these being AMJAVA-4. I later checked with AMJAVA-4 and he confirmed this last point.

2. A-1 plans to travel to Managua on 22 November in order to meet with Anastasio Somoza and turn over the bases to the latter. A-1 feels that he cannot use the bases anymore, and the ammunition which is now located there constitutes a serious hazard to the local populace since A-1 no longer has people to guard the storehouses. Hence, all of the ammunition at the bases will be turned over to Somoza. Another reason for A-1's visit is to discuss Somoza's election campaign with him (A-1 is printing Somoza's campaign posters for him and he provided me with two exemplars). A-1 also stated that his "cooperative training center at West Palm Beach" will soon receive its first three natives from

SECRET

SECRET

-2-

Nicaragua. Somoza has promised to pay the passage of the three trainees while A-1 for his part will provide them with food, lodging and training while in the U.S.

3. From Nicaragua A-1 plans on travelling to Costa Rica. A-1 will possibly meet with the Presidential candidate Daniel Oduber in order to discuss his campaign, since A-1 has offered to print his posters for him. However, the main purpose of A-1's visit to Costa Rica is to obtain a Venezuelan entry visa. A-1 reasoned that it would be more discreet to apply from Costa Rica, in addition to which he is expecting an invitation from President Leoni via the Venezuelan embassy in San Jose. As yet, however, he has received no word on the matter so that if this latter plan falls through he will return to Miami. A-1 provided a complete account on his latest dealings with a certain group of Venezuelan plotters (again courtesy of Alegrette, who put him in touch with them). There follows the two accounts mentioned previously:

Guatemala

At a meeting which A-1 held with Alejos (18 November), the latter invited A-1 to attend a meeting between himself, Colonel FNU Ponciano and Somoza. The purpose of the meeting will be to attempt to enlist the support of Somoza in an attempt against the government of Enrique Peralta. A-1 asked for instructions from KUPARK on whether or not to attend the meeting. In any event, Alejos stated that the plans call for the calling of a general strike throughout the country, followed by a coup under the leadership of Ponciano. Ponciano would then set up a two year provisional government after which general elections would be called. As with Alegrette, A-1 promised Alejos nothing.

Venezuela

A-1 has been in contact (in Miami) with a Venezuelan Major by name of FNU Gutierrez who claims to be the local representative and cut-out for a group of plotters who are currently training for a coup against the regime of Raul Leoni. A-1 has not been able to ascertain the names of any of the principles other than a Colonel Martin Parada, who in the past worked with the Perez Jimenez regime in flying arms to Somoza (who in turn was attempting to overthrow the Costa Rican government). The leader of the plot is currently located in a convent

SECRET

SECRET

-3-

in the Caracas area. He is located at either the convent of Nuestra Senora de Fatima or Nuestra Senora del Rosario. Gutierrez has offered to put A-1 in contact with the leader and has even given him contact instructions. A-1 is to proceed to Caracas and call on a Dr. Morelos, who A-1 suspects may be a priest. The Doctor will then take him to the leader. The conspirators have enlisted the support of a prominent COPEI leader of the right-wing faction but again his name remains a mystery. In addition, the garrison at Maracai, the Provinces of Oriente and Bolivar states have already given their tacit consent to join. The judicial police of Caracas are also willing to go along with the plotters.

The actual plan will consist of a group of commandos (who are currently being trained by ex-WW II German Army officers) surrounding the homes of 60 of the most prominent Civil and Military leaders of the country on a date designated as the "night of the long knives". Simultaneously, the above-mentioned garrisons will rise up and take over the leadership of the Armed forces. Again, A-1 awaits KUBARK instructions as to whether or not to attend a meeting with the secret leader of the coup group.

MEMORANDUM FOR THE RECORD

SUBJECT: ANBIDDY/1 Report on Nicaragua, and on General Anastasio SOMOZA, and on Costa Rica

1. A/1 visited Washington and saw me on 14 and 15 October 1965. He visited Gen. SOMOZA at Johns Hopkins Hospital in Baltimore the night of 15 October and called me later to report on his meeting. The following items were derived from his reports to me on these occasions:

a. Gen. SOMOZA has been in the hospital since late September for a general physical check-up but specifically for a special diet and treatments for gout and over-eating and drinking. He has had no unusual problems, shows no evidence of neurosis or mental problems, and in fact, exhibited an alert and aggressive mental attitude. SOMOZA intends to run for President next year, and A/1 will print campaign posters for his approval. A/1 will print them at his Quality Off-Set Printing Company in Miami. (I saw the poster lay outs; they are an attempt to show "Tachito" as a man of the people, one has him on horse-back much resembling Sgt. Bilko and surrounded by a lot of Indians also mounted on horses and waving machetes in the air, the other shows "Tachito" directing the National Guard in Civic Action work building roads and bridges and helping in peasant villages, etc.). SOMOZA has heard that Jack Vaughan opposes his reelection. When he gets out of the hospital (estimated about 23 October), SOMOZA plans to run a party at the Nic Embassy in Washington to which Vaughan will have to come, and to confront him on this point. SOMOZA is not worried about being elected, with or without U.S. support, and says he will not have to steal or buy the election either.

SECRET

He has always been a friend of the U.S. and tried to work with them, and will be very happy if they will simply relax and try to live with him for a few years. They may find out it will not be so difficult as they seem to expect. On the other hand, if the U.S. cuts him off, there are other countries eager to fill the gap.

b. On the latter point (made about mid-September 1965), A/1 followed up by eliciting from the Nicaraguan Consul-General in Miami, who revealed that the French Ambassador in Managua had offered to match the U.S. Alliance for Progress commitments to Nicaragua if the State Dept. cut them off because of SOMOZA's election. A/1 followed up further on this point with Gen. SOMOZA the night of 15 October and he confirmed the report, saying that the French Ambassador had by-passed Pres. SCHICK and come to him direct.

c. Gen. SOMOZA told A/1 that, when he met with Daniel ODUBER at the Costa Rican border for their "non-aggression pact", he had handed ODUBER \$80,000 in cash to help with his candidacy. SOMOZA later contacted a representative of the CR opposition and gave him \$20,000 in cash, telling them he was little short of cash but wanted to help them as much as he could. He told A/1 it is good business to bet most of your money on a sure winner, even if you don't particularly like his form. (A/1 is doing the same thing by printing 8,000 posters for ODUBER free of charge; he would rather ODUBER owe him a favor than vice versa.) A/1 will check with ODUBER and sources close to him on the alleged donation by SOMOZA next time he gets to CR.

d. SOMOZA's sources and A/1's representatives in Costa Rica agree that ODUBER is going to win handily, but he will have to push for a good majority as the opposition is working hard. Frank MARSHALL and his cohorts continue to conspire but pose no real threat.

e. One of A/1's men, a former AMNOR leader named Luis ARRIZURIETA Sardinias, is a member of ODUBER's personal security group and has gotten rather close to him. He was assigned by A/1 at

1. On 17 September 1965, AMOT 246 held a conversation with ANWORLD-2 in which he learned the following concerning the activities of AMWORLD and AMBIDDY-1, reported in AMOT Report LU-1609 of 21 September 1965.

2. The three-months' period during which ANWORLD received aid amounting to \$12,000.00 ended with the month of August 1965. According to ANWORLD-2, AMBIDDY-1 covered the AMWORLD payroll, which amounted to \$18,000.00 for the period, with the above aid money to which he added the sum of \$6,000.00 which he received from the sale of equipment from the camps in Central America.

3. Iden is in charge of the warehouse in Miami where the ANWORLD equipment brought back from the camps, such as arms, radios, tape recorders, medical supplies, etc., is stored. AMBIDDY-1 believes that this equipment in the warehouse has a sale value of \$250,000.00. Iden, however, believes the sale of the equipment will not bring in more than \$15,000.00. Because of the low price he believes he would receive, Iden has refused to sell the equipment for fear AMBIDDY-1 will think he has been stealing money. Iden informed ANWORLD-2 that things are disappearing daily from the warehouse since several members of ANWORLD have access to the place. Several tape recorders and one piece of equipment worth \$2,500.00 have already disappeared. The medical supplies are spoiling because of the haphazard way in which they are being stored.

4. ANWORLD-2 has suggested to AMBIDDY-1 that he return all the equipment to the people who supplied it, accept at least a fifty percent reduction in its value, and ask that payment for

whatever the equipment is worth be made in monthly installments. AMBIDDY-1 is not interested in this plan. He is interested in obtaining new aid, independent of what he may obtain from the sale of the equipment, in order to maintain what remains of his group.

5. AMBIDDY-1 is planning to make some changes in his propaganda activities. He is considering a radio broadcast through stations in PEPRIME which can be heard in PERUMEN. He also wants to publish a high-level theoretical magazine which will be distributed exclusively to opinion makers on the continent, the press, universities, and the diplomatic corps. All these plans hinge on AMBIDDY-1's receiving aid. According to AMWORLD-2, AMBIDDY-1 is expecting to receive aid next month.

1. According to AMOT Report DD-1619 of 27 September 1965, AMOT-246 held a conversation on 22 September with AMWORLD-2 in which he learned the following.

2. On the morning of 21 September 1965, AMBIDY-1 held a meeting with a group of his friends and followers to notify them that he had been notified by his "contact" that AMWORLD aid would cease at the beginning of October.

3. AMBIDY-1 also notified Iden A that he should inform the persons who take part in the radio program that the program will not be broadcast after 1 October and therefore, their employment and salaries will cease. This will affect Iden A, AMRAZOR-1, Iden B, and AMOT-246.

4. AMBIDY-1 planned to leave for Washington, D. C. on 22 September 1965 in order to meet with Iden C and discuss the handing over to Iden C of two hundred tons of arms which AMBIDY-1 is holding at Iden D. AMBIDY-1 decided to take this action in order to avoid having to pay the salaries of the seven men of AMWORLD in Nicaragua who each receive \$300.00 per month.

5. AMBIDY-1 is thinking of selling a barge for the sum of \$20,000 and the rest of the equipment in storage in Miami for the sum of \$19,000. With this, AMBIDY-1 hopes to pay off all his debts, plus the salaries of the personnel. AMBIDY-1 told AMWORLD-2 that he has only \$18,000 in the bank. AMWORLD-2, however, believes this is not true and that AMBIDY-1 has more money than he claims.

1. On 5 September 1965, AMOT-246 held a conversation with AMWORLD-3 in which he learned the following information concerning the activities of AMBIDDY-1, reported in AMOT Report DD-1599 of 10 September 1965. AMWORLD-3 obtained most of his information on AMBIDDY-1 from a friend, Iden A, who is closely linked with AMBIDDY-1 in matters regarding the sale of the military equipment AMWORLD had in Latin America. In addition, some data was given to AMWORLD-3 personally by AMBIDDY-1, who would like to get AMWORLD-3 on his side again. AMBIDDY-1 introduced Iden A to "his contacts in KUBARK," and plans to introduce AMWORLD-3 to them in the near future. AMBIDDY-1 says he is doing this because of his confidence in both AMWORLD-3 and Iden A.

2. According to AMWORLD-3, AMBIDDY-1 has some \$80,000.00 at present, although AMBIDDY-1 told Iden B that he only had \$30,000.00 at his disposal. AMBIDDY-1 followed the advice of his secretary, Iden C, his wife, and others in investing money in the following businesses:

- a. A printing establishment costing \$20,000.00.
- b. A factory, about which the Source had no details.
- c. A "fara" where he is thinking of raising poultry and grain for which he paid \$1,000.00 down and is paying \$300.00 a month on the mortgage.

3. AMBIDDY-1 received notice from his "contacts" of the suspension of further aid in the presence of Iden A, who got the impression that it would be very difficult for AMBIDDY-1 to receive aid again. According to Iden A, during the interview between

AMBIDDY-1 and his "contacts", he noticed that the relationships seemed strained and that on some occasions the "contacts" made fun of AMBIDDY-1 with regard to his investments. One of the "contacts" made reference to the "chickens of liberty bought by AMBIDDY-1."

4. In view of the financial situation with which he is faced AMBIDDY-1 has begun to reduce expenses. He has stopped having his radio programs recorded by America Production in order to save \$250.00 per month. If his present financial condition continues, it is possible that next month he will also suspend his hour radio program "Trident."

5. However, despite the suspension of aid, AMBIDDY-1 is planning to maintain one radio program and to carry on other propaganda activities following new guide lines. Among the plans he has in mind is the publication of a "high-level theoretical" review. AMBIDDY-1 is thinking of presenting this latter plan to his "contacts."

MEMORANDUM FOR: Deputy Chief, WND for Cuba

SUBJECT : Status Report on AMBALLOT
as of 1 September 1965

1. GENERAL

a. We have completed preliminary arrangements with DODS and are prepared to move into the Community Development Counseling Service, Inc. (CBCS) cover offices in Arlington at any time. I propose to furnish the office they have available during September, to install our own telephone, and to start making an appearance there for an hour or so daily in order to begin switching my Cuban contacts to that address and phone number. In October I should like to move the young lady we discussed in there and start processing the correspondence, applications for training, etc. which I hope to have generated by that time preparatory to the selection of about five or six men for the Spring Semester under ANTRACH.

3. ATTACH

a. Quintero cannot get into the University of Mexico before the regular school year starts next February. He will have trouble getting in then unless he spends some time in Mexico to make his own arrangements. The only way he can get into Mexico is to have been accepted by a university in Mexico and to prove financial security. The only university he can get an acceptance from in time is the University of the Americas (formerly Mexico City College), a five-year degree granting institution run on the U. S. quarter system and accredited by the Southern Association of Secondary Schools and Colleges. He has applied as a special student (non-degree candidate) for the Fall Quarter only and I have worked out a program of studies with him for that period. This will give him a scholastic record and a transcript, none of which he now has, which will meet the documentation requirements for admission to the University. He can also go in person and take care of his admission, visa, and other problems. He will have a chance to get acquainted with the city, to meet the case officer who will handle him there and get an idea of his operational requirements, and to find himself suitable quarters. School will be finished mid-December and he can return to Miami, pick up his family, and get moved and settled in during January. He will then be ready to go to school and to work on a regular basis starting in February. If, for some reason, he cannot get enrolled in the National University, the worst that will happen then is that he must continue in the other school for his first year. This is not lost time as the credits he earns are transferable to U. S. schools.

b. Inocencio Alonso Ramirez, the fifty-one year old former Police Chief of Pinar del Rio Province, is the man who has handled the internal operations of the MRR for the past three or four years. He was detailed a few months ago to go to Mexico as the MRR representative there and had a Mexican visa issued to him which has expired. He is trying to get a new one issued and believes he will be able to do so. He is the man who helped WAVE in debriefing refugees, whom Clines says is top-notch. He also controls the passage of support to dependents and survivors inside through the Spanish Mission. Quintero strongly recommends him as a valuable asset to our Mexico City program, working with him or directly with our Station officers.

SECRET

c. We have about fifteen files on possible candidates for ANTRACH, culled from names known to me, to Clines, to Artimo, to Quintero, and anybody else I have been able to get suggestions from. I propose to select five or six of the most likely looking ones to bring into the program by next February (Spring Semester), then to get WAVE into the act and look over any candidates they can come up with for screening and consideration prior to next summer. In the meantime, I would like to generate an authentic appearing mechanism through CDCS by which we can cover our contacts and selection of candidates through applications and awards of special grants through various foundations. I am waiting for [redacted] Chief of the A&E Staff, to get back from leave this week in order to start working out a testing and evaluation program for the candidates.

3. AMCIVIC

a. Artimo appears to be going ahead with a local civic action program at his old base at Monkey Point, Nicaragua. In addition, he is going ahead to put in a boatyard at Bluefields around which he proposes to organize a local fisheries cooperative. His man there is Luis Prieto, a physicist who worked on the DEW line project in Canada before joining ANWORLD about a year ago. The Panama program had a set-back due to the death by shooting by a jealous husband of Silvano Pico, the Negro Rural Comandante who had been slated to go to Veraguas Province and head up Artimo's contribution to the school being sponsored there by Bishop McGrath and Harvard University. An alternate has been selected, another Negro of Haitian descent from Oriente named Eugenio Claude.

b. Later this week, Artimo plans to return to Central America, particularly to visit Panama and talk with Bishop McGrath and President Nobles. He will also go through Costa Rica and Nicaragua, for which I gave him intelligence requirements from WE/S.

c. We paid two subsidies of \$12,000 each for July and August through the old ANWORLD funding mechanism, and allowed him the remaining \$12,000 from the "insurance money" of the LOBO team as the payment for September. I propose that starting October we inform him of a new decision from the "policy committee" that we will subsidize him for \$5,000 a month for six months to cover payments to dependents and survivors. At the end of that time, they

will take another look at him and the MRR and see what progress they have made in organizing constructive programs in Latin America which the U. S. could justify supporting through the MRR under the ANCIVIC concept. The \$100,000 from the Swifts should give him capital to operate on for that long.

MEMORANDUM FOR THE RECORD

SUBJECT: Costa Rican Counter-intelligence Reports
from AMBIDY-1, 1 September 1965

1. AMBIDY-1 reported that Capt. ALEGRETTE (El Ladron) of the Nicaraguan National Guard, ostensibly vice-consul in Miami, is trying to buy arms in Miami for a coup attempt in Costa Rica. A-1 believes he has had no luck, but has forbidden any of his people to have anything at all to do with ALEGRETTE.

2. A-1 said that he saw a young Costa Rican named Francisco GAMBOA Guzman at the airport in San Jose in late July. He rode to Panama on the same flight as A-1. GAMBOA was described by the HRR delegate, who was with A-1, as a pro-Communist who had just returned from Cuba about a month earlier. He claims to be finishing his studies in Costa Rica, after which he plans to return to Cuba. He is a reporter who interviewed Theodore (Ted) PICADO when he was imprisoned in Cuba and published the story from there.

3. In late May or early June 1965, A-1 said some of his people who had been guarding the AMWORLD arms barge near Tortuguero in Costa Rica had picked up a rubber boat, not of U. S. manufacture, floating just off the Costa Rican coast. They gave the boat to Colonel LIPPA of the Costa Rican Civil Guard. A-1 said the thought had occurred to him, could the Cubans be infiltrating people into Panama through the Costa Rican coast and then overland?

MEMORANDUM FOR: Deputy Chief, WHD for Cuba

SUBJECT : Meeting with AMBIDY-1, 30 August 1965

1. Disposition of "Insurance" Claim for AMWORLD Team LOBO. AMBIDY-1 showed me the savings books indicating trust accounts in the Coconut Grove Bank, Miami, Florida for the two LOBO team members:

- Acct. No. 25203, 26 Aug 1965 for Elpidio DELGADO Soto \$4,000
- Acct. No. 25202, 26 Aug 1965 for Nilo ALONSO Morejon \$4,000

Manuel J. GUILLOT and/or Jose GONZALEZ Puig must co-sign with the account owner in person before withdrawals can be made.

2. AMCIVIC Subsidy Payment for September 1965, and Subsequent Support. I told AMBIDY-1 that Headquarters had approved our proposal to consider the remaining \$12,000 of the "insurance" money (\$20,000 total minus \$8,000 in the two accounts mentioned above) as the AMCIVIC subsidy payment for September. He agreed and told me that payments of \$12,000 for July and for August had been received. He promised to submit certified budgets soonest for the three months.

AMBIDY-1's understanding is that the "policy" committee in Washington had approved a provisional subsidy payment for three months, or until 1 October 1965. At that time he believes there will be a new hearing and the decision may be that he will get anything from nothing up to the \$15,000 monthly budget he originally requested. In

view of the fact that we have just paid him for the two Swift boats (\$100,000 net), which will furnish him a capital reserve to operate on for a few months, I recommend that we tell AMBIDDY-1 the decision has been made to continue only that part of the subsidy (\$5,000 per month) that was budgetted for support of dependents and survivors of MRR dead, wounded, and imprisoned. We may then consider, on a case by case basis, reimbursement to him for actual expenses of travel incurred on our behalf. We may also wish to invest something in individual civic action programs he may sponsor in Latin America, again on a case by case basis. In the meantime, he has enough capital to operate on for a few months and to generate civic action programs. He will continue to travel on MRR business and is quite agreeable to handling any requirements we place on him for intelligence or political action. He is not yet willing to sign an agent contract, and I propose we go along with him till the end of the year on this basis and see what he can generate on his own in the way of meaningful assets.

FIELD REPORT NO.

1. DURING CONVERSATIONS HELD ON 27 AND 28 JULY 1965 GENERAL ANASTASIO SOMOZA, CHIEF OF THE NATIONAL GUARD IN NICARAGUA, SAID THAT HE WOULD SOON MEET DANIEL ODUBER, PRESIDENTIAL CANDIDATE IN COSTA RICA, AT THE BORDER AND THAT THEY WOULD MAKE A "NON-AGGRESSION PACT," AGREEING THAT NEITHER WOULD MAKE TROUBLE FOR THE OTHER DURING THEIR CAMPAIGNS FOR PRESIDENT OF THEIR RESPECTIVE COUNTRIES. ODUBER HAD ASKED FOR THE INTERVIEW. SOMOZA SAID THAT HE THOUGHT ODUBER HAD MADE A "LIVE AND LET LIVE" AGREEMENT WITH THE COMMUNISTS AND THAT AT THEIR MEETING HE WOULD DEMAND FROM ODUBER A PUBLIC DENUNCIATION OF THE COMMUNISTS TO BE FOLLOWED BY EFFECTIVE CONTROL MEASURES AGAINST THEM.

THEY AGREED TO EXCHANGE INFORMATION ON COMMUNIST ACTIVITIES.)

3. ON 4 AUGUST SOMOZA SAID THAT A CLOSE ASSOCIATE OF MARCIAL AGUILUZ ORELLANO, A LEADING COMMUNIST IN COSTA RICA, HAD SAID THAT THE LATEST PROGRAM OF FIDEL CASTRO IS TARGETED AGAINST NICARAGUA, COSTA RICA, AND PANAMA. PART OF THE PLAN INCLUDES ASSASSINATION OF THE PRESIDENTS OF THE THREE COUNTRIES AS PART OF A TERROR CAMPAIGN. SUBJ: COMMENTS ON TRIDENT
FROM: [redacted]
DATE: 16 MAY 66

1. I DO NOT REGARD TRIDENT AS A PARTICULARLY USEFUL VEHICLE FOR PROP ACTIVITY IN CENTRAL AMERICA. THE TRIDENT IS CLOSELY IDENTIFIED WITH ARTIME AND AS SUCH IS LESS LIKELY A CONVINCING PROP OUTLET THAN WOULD BE THE CASE OTHERWISE. I WOULD NOT THEREFORE FAVOR FINANCIAL SUPPORT (KUBARK) OF THE TRIDENT, ESPECIALLY SINCE KUBARK IS NOT IN POSITION CLOSELY TO MONITOR THE CONTENTS PRIOR TO PUBLICATION. ALSO, THE CIRCULATION IS EXTREMELY LIMITED TO WARRANT PLACING A CASE OFFICER IN CHARGE FOR THIS ACTIVITY, I.E. GUIDING THE PROP LINE OF TRIDENT.

2. WE HAVE NOT USED TRIDENT IN THE PAST (AS FAR AS I AM AWARE) FOR PLANTING MATERIAL AND I DON'T FOR THE MOMENT VISUALIZE USING TRIDENT FOR OUTLET IN THE NEAR FUTURE. HOWEVER, THE "MIG-21 PROJECT", CONCEIVABLE MIGHT FIND TRIDENT USEFUL - THAT IS, IF IT IS DESIRABLE TO ADD A QUASI-OFFICIAL AURA TO THE PROPOSAL.

MEMORANDUM FOR THE RECORD

SUBJECT: Tridente Publication

1. Tridente is a slick news-type magazine published by Manuel Artime Buesa and the MRR. A copy is attached to this memoranda.

2. According to Artime 6000 copies of Tridente are being published every two weeks at an approximate cost of \$2,000 a month. The publication is sold on newsstands in the U.S. and also to some extent in Latin America. He gave the following figures for monthly distribution in Latin America.

Costa Rica	- Approximately 500 copies
Nicaragua	- Approximately 100 copies
Mexico	- Approximately 200 copies
Panama	- Approximately 75 copies
Venezuela	- Approximately 150 copies

Artime claims that most of the above copies are sold but some are sent gratis to his contacts. In addition 200 copies are sent to Spain as hand-outs because they do not have permission from the Spanish Government to put them on sale. The distribution in Spain is done by Enrique Tous his representative in Madrid. Artime also claims that the copies in all the countries are passed along to friends and relatives and therefore the publication has a larger audience than the circulation figures would indicate. He says that only about \$500.00 is derived from the sale of Tridente and he personally has been putting in about \$1,500 monthly to keep the magazine going.

SECRET

3. Recently Artime inquired if the Agency had any interest in supporting Tridente or furnishing any material for publication in it. He indicated he could probably not keep the magazine going much longer without financial support and inasmuch as his "assistance" from the Agency will be cut from \$5,000 to \$3,000 monthly effective 1 June 1966 this is undoubtedly true.

4. Artime was told that he would be advised in the near future if there was any Agency interest in the publication or in seeing it continued. I would therefore appreciate a hard appraisal of the publication in terms of WH/C/CA overall propaganda objectives together with any indication of interest in using the publication. On the latter point it might be a good idea to bear in mind that Artime may continue the publication on his own for several months and in view of our present subsidy to him we could possibly make some use of the magazine in the interim period at no additional cost.

D R A F T

The following are the highlights of operational meeting with AMBIDDY-1 on 3-4 May 1966 conducted in Room 1609 in the Hotel Everglades in Miami, Florida.

The first part of our discussion concerned reports which he had recently originated or been responsible for concerning possibility of agitation and disturbances in Costa Rica preceding and during the inauguration of President-elect Trejos 9 May 1966.

AMBIDDY-1 first spent considerable time in attempting to justify his ~~actions~~^{efforts} to establish relations with various Government leaders in Central America and why he had placed certain of his people in position to develop information on these Governments. He said that sometime ago it had been ~~expressed~~^{expressed} upon him by other people ~~with whom~~^{with whom} he had been in contact including agency personnel that it would be important to the future of his movement to be sure that he had the support of the Central American Governments. This he added was ^{considered} important in connection with the necessity of ~~the~~^{these} support in establishing his training basis in Costa Rica and Nicaragua but also ~~that the~~ political support of these ~~countries~~^{countries} would be essential if and when the movement had any success in developing internal opposition within Cuba and ⁱⁿ bring about circumstances for Castro's overthrow.

He said that ~~his~~^{his} part of the efforts he has maintained or tried to maintain ~~is~~^{is} periodic ~~personal~~^{either personally or thru one of his representatives} contact with Government leaders in Central America, ~~and that~~ the recent source of information on activities in Costa Rica, ~~is~~^{is} Luis Arrizurieta Sardinias, a man of his personal confidence and a member of the MRR, ^{and} was placed as Secretary to ^{Former} Pres. ODUER in Costa Rica through his

(AMBIDY-1's) effort. He admitted that Arrizu ^{and BCCA} was on his payroll for \$780 a month. Arrizurieta is now in Miami and will remain there and not return to Costa Rica, principally according to AMBIDY-1, because it is necessary to cut back his financial commitments.

AMBIDY-1 said that Arrizurieta had four sources of information which he used in Costa Rica which he claims were the following: Walter Vazquez, ^{who} which he said had been infiltrated into the Movimiento Costa Rica Libre, Jose Luis Cascante, student who had been infiltrated into the ^{Youth} Section of the Communist Party, Rigo Marin, a farmer employed as chauffer who was an infiltration of the farm section of the Communist party and Jose Gamboa, nickname "Chepe", who works as a laborer in Puerto Limon and is allegedly an infiltration of the ^{Communist} Party in Puerto Limon. AMBIDY-1 said that all four of the above had been in direct contact with Arrizurieta for the purpose of furnishing him with information. He claimed that Jose Luis Cascante, a student, was the most intelligent of the four. ^{In connection with a} Speaking of the recent report which ~~was~~ originated with Arrizurieta concerning Communist Party Plans ^{through which} in connection with former President Pepe Figueres to agitate during President-elect Trejos' ^{and} inauguration ~~there was~~ the reported plan to attempt the assassination of Pres. Somoza, ^{if he} ~~had~~ attended the inauguration, AMBIDY-1 ^{said he} rechecked this information with Arrizurieta. He said that according to Arrizurieta Jose Gamboa was the original source of the information on the strikes and agitation. This information however was conveyed verbally to Arrizurieta by an unnamed Captain of Guardia Fiscal stationed in Puerto Limon. According to Arrizurieta this unnamed Captain said that Gamboa told him the Communist Party had their people mobilized for a strike

at the time of the inauguration. As far as former Pres. Figueres' activities in relation to the strike activity and assassination attempt on Samoza were concerned, AMBIDDY-1 said Arrizurieta told him that he knew that there had been a meeting in Figueres house on 17 April and there were several people present at this meeting who expressed concern about the possibility that Samoza would attend the inauguration with a large number of Nicaraguan officials and military and that this would be an insult to the National ~~Government~~ ^{Government} of Costa Rica. Pepe Figueres is reported to have said that "it might be a good idea to have a dead one to aid the cause" but as far as AMBIDDY-1 is concerned there is no direct reference made by Figueres to Samoza. AMBIDDY-1 further could not confirm that Figueres had discussed this matter with any members of the Costa Rican Communist Party.

With regard to AMBIDDY-1's personal relationship or contact with Figueres he said he knows him but that they are not friends. According to AMBIDDY-1 he felt it necessary to circumvent ^{Figueres} and go directly to Orlich when he had to obtain training camp sites in Costa Rica ^{which} and naturally did not help their relationship with Figueres. In regard to the Figueres-Nunez group previously reported AMBIDDY-1 said his source of information on this group is Guillermo Vargas who is Chief of the Exterior Relation of INUU (Costa Rican housing agency). He said that his access to the P.L.N. and the Orlich-Odubr group is through Roberto Madriz who is his personal friend and is Orlich's personal secretary. Arrizurieta is also an intimate friend of Madriz and obtained information from Madriz while in

Costa Rica.

In regard to an earlier report which allegedly originated with Freydue Borges from Luciano Nieves concerning the possibility of Nieves Agitation-Propaganda mission to Costa Rico, AMBIDDY-1 said he had no further information on this but had rechecked it again and had been told that Nieves was living very well in Miami apparently without any obvious employment. He had been unable to confirm the report that Nieves was receiving support from Figueres.

quier momento, no importa que sean comunistas.

América entera está esperando la Revolución que Castro comenzó y prometió y que después fue puesta en manos de extranjeros. América tiene los ojos puestos en ellos, no en los políticos ni en los viejos líderes gastados de antaño.

- f) Las necesidades económicas más elementales tocará a las puertas de las más altas jerarquías si Fidel sigue en el poder.
- g) La muerte de Fidel no es tan difícil si se lo propone un grupo valiente. Ésos serán los hombres que demostrarán que pueden llevar las riendas del poder.
- h) La Cuba tan feliz y rica que ellos podrán gobernar si Fidel es eliminado. (Dibujar el futuro)

Costo del Programa:

- 1- En la WRUL (onda corta para Cuba), cada 15 minutos cuestan \$100.00 mensuales, de modo que si tenemos 3 programas a la semana, serían \$300.00 semanales por 4 semanas que tiene el mes: \$1,200.00 mensuales.
- 2- La transmisión telefónica del programa de Miami a New York cuesta unos \$250.00
- 3- Tres individuos que trabajarán el programa, a \$300.00 cada uno \$900.00
- 4- En "Radio America" luce que todo es más barato, pero no tenemos cotizaciones. "Radio America" tiene la ventaja de que los programas son en onda larga y lo pueden captar más radios en Cuba.

Nota final: En el programa se pueden lanzar consignas de sabotajes fáciles. Pero ha de ser cosas muy fáciles de hacer, pues en Cuba cae mal que los que están afuera le manden a hacer cosas difíciles. Se refiere al pueblo.

REF: DD-1810, paragraphs 2 and 3

1. The following information was obtained by P-112 at 4:30 p.m. on 30 March 1966 at Station WMIE during a conversation with Edgar/SOPO Barreto, propaganda chief of the Movement for Revolutionary Recovery (MRR).

2. The statements of Manuel ARTIME Buesa, which were mentioned in DD-1810 and which were to be broadcast on 19 March 1966 over the radio programs, "Newspaper of the Air" and "Panamerican News", were not given by ARTIME to the directors of these programs to be broadcast. ARTIME decided not to do so after consulting with the Executive Committee of the MRR. (See DD-1815 which covers the radio broadcasts of the above-mentioned programs on 17, 18, and 19 March in which no mention is made of ARTIME's statements.)

3. ARTIME's statements were broadcast four times over Station WRUL and Radio Americas. According to SOPO the taping of the statements by ARTIME lasted eight minutes.

4. According to SOPO, the reason ARTIME's statements were not broadcast on "Newspaper of the Air" was that Juan AMADOR Rodriguez, the director of the program, had been attacking the members of the Armed Forces of CASTRO in his comments on the program, whereas ARTIME's statements were precisely directed to the Rebel Army.

5. SOPO also said that the statements were not given to Norman DIAZ Artiles

for broadcasting because the language of the statements was "leftist", maintaining the thesis of the "revolution betrayed" and "Fidelism without Fidel" and defending the revolution of the Sierra Maestra, the revolutionary laws, and Agrarian Reform.

6. According to SOPO, the statements made by ARTIME were directed especially to Cuba and to those who are connected with the CASTRO regime, whereas the exiles were not ready to assimilate the advanced ideas which ARTIME set forth in his statements. It was for this reason, said SOPO, that during a meeting with ARTIME he was advised not to make his statements public to the exiles, for the leftist language would fall like a bomb and would not fit in with the idea that the exiles had of ARTIME as a centrist or a moderate.

NOTE FROM SE:

Attachment No. 1 of DD-1815 carried the statements made by ARTIME as published by Tridente in March, with reference to the CUBELA affair.

Attached to this report is a copy of an article reporting the appearance of ARTIME on the program "Panamericana" on TV Channel 10 on 13 February 1966. This article appeared in Tridente in February 1966.

Comparecencia del Doctor

MANUEL ARTIME

en el Programa "Pan Americana",
Transmitido por el Canal 10-TV de Miami,
Florida, el día 13 de Febrero de 1966.

GANDERO: Muy buenos días, amables televidentes.

Tenemos hoy, ante nuestras cámaras, a un anti-Castrista muy conocido por ustedes. Pese a su juventud, ha sido actor de grandes acontecimientos en la lucha contra el dictador de Cuba. Me refiero al Doctor Manuel Artime Buesa, a quien el destierro quiere oír porque tiene muchas declaraciones importantísimas que hacer y, por lo tanto, no vamos a hacerle una larga presentación, sino hacer ésta lo más breve posible. No hace falta presentur al Doctor Manuel Artime Buesa.... Así que voy a presentarles el Panel de esta mañana que se compone del conocido Periodista y Gran Comentarista de Miami, Norman Díaz, quien dirige el Periódico "Pan-Americano", y a Ricardo Nuñez, también muy conocido de ustedes y que escribe en dos diarios aquí en esta ciudad.

Así que, cedo la palabra a Norman Díaz, para la primera pregunta....

NORMAN DIAZ: Muchas gracias, compañero Gandero.

Doctor Manuel Artime, su presencia en este programa tiene un doble interés, en lo que representa su opinión y el hecho de ser usted uno de los cubanos combatientes que más cauteloso ha sido en el uso de los vehículos de propaganda; al grado que a nosotros, los Periodistas, se nos ha hecho a veces difícil conseguir oportunidad para entrevistarlo.

Pero hay algo más significativo, Doctor Artime. En cada ocasión que usted se ha presentado en público es debido a acontecimientos que, indudablemente, tuvieron apariencia de ser decisivos en la lucha contra los comunistas. Tenemos que agregar a esto que, casi siempre, usted dijo lo que resultó después una amarga

DR. MANUEL ARTIME BUESA

verdad... Que la lucha iba a resultar "larga, dura y penosa..."

En esta oportunidad, Doctor Artime, y ante sucesos tan espectaculares como los presentes, también cree usted que ahora la liberación es un problema que está lejos de resolverse?

ARTIME: Bien, Norman, creo que ahí hay varias cosas que contestar...

En primer lugar, las pocas veces que yo he hecho uso de los canales de publicidad. En realidad "por desgracia" el tipo de labor a que estamos dedicados nosotros, nos impide muchas veces dar pasos para entrevistas periodísticas, porque ustedes los Periodistas preguntan dramático y una muchas veces, queriendo infundir

ánimo o queriendo contestar realmente a la pregunta que me hace, comete indiscreciones que, a la larga, reducen en perjuicio de la Patria.

En el cuento del famoso monito de la selva, que estaba haciendo ejercicios... Paso a la rafa y le pregunté: "Monito, que estás haciendo?"... "Estoy haciendo ejercicios para ponarme fuerte y dar un golpe de mano al león y tumbarlo"... Al poco rato, pasa un ricoperante... "Monito, que tú estás haciendo?"... dice: "Yo, aquí, haciendo ejercicios para ponarme fuerte y tumbarlo al león..." Se llegaron los comentarios al león y pasó el león y le dijo: "Monito, que estás que te estás haciendo?"... "Eso es el

"Vira, haciendo ejercicios y hablando más basura que el diablo..."

(Se caracha un murmullo de risas)

Yo no quiero, yo no quiero hacer el papel del monito. Efectivamente, yo dije que la guerra iba a ser muy larga y muy dura... que iba a ser muy cruel. Sé que, con esto, no me gané simpatías; yo lo sé, mi función no es de ganarme simpatías mi función es dedicarme por entero a la labor de liberación de mi Patria. Y esa labor de liberación de mi Patria exige que cuando haya que decir una cosa dura se diga esa cosa dura, aunque no sea simpático.

Yo creo hoy que la liberación de Cuba está cerca... Y creo que la liberación de Cuba estaba distante, hoy digo que estoy completamente convencido que la liberación de nuestra Patria se acerca...
NORMAN DIAZ:.... Exponga las razones Comandante...

ARTIME: Varias razones... Primera razón, el estado interno de Cuba. No sólo el estado de desoperación de un pueblo que con la burla de que el que quiera salir podría salir, llenaron sus planifias y hoy se ven discriminados y en la miseria, sabiendo que a lo mejor van a demorar tres años en salir por la vía de salida que les ha ofrecido el Dictador.

Por el estado de las Fuerzas Armadas: de estado no sólo de desoperación sino de división y de conspiración de las Fuerzas Armadas. Y no solamente los que están conspirando con una idea occidentalista sino los que están conspirando con una línea china que existe dentro de las Fuerzas Armadas que los inculcamos por el desaparecido Che Guevara. Y por

último, por la Tricontinental, mi querido Norman.

NORMAN DIAZ: ¿Existe o existía? **ARTIME:** Existen, existe.

NORMAN DIAZ: Al desaparecer el Che Guevara de las filas del Ejército Rebelde de Cuba, no desapareció la línea china?

ARTIME: El Comunismo nunca pone todas las esperanzas en un solo hombre, sino en organizaciones que crea. Y el Comunismo-Chino no es una excepción.

NÚÑEZ: Comandante, esta respuesta que usted le ha dado al colega Norman Díaz me plantea una duda que yo quisiera que usted me la esclareciera. La duda consiste en lo siguiente: Usted estuvo los ataques comandos que se realizaban: Cuando usted detuvo estos ataques comandos, ¿se debió a que eran inefectivos o estos ataques comandos usted los detuvo porque encajaban dentro del plan de liquidación del régimen de Fidel Castro, o sea, dentro de la estrategia occidental?

ARTIME: Ricardo, en realidad, nosotros estamos dentro de una estrategia en la cual no acualmente estamos nosotros sino que creo que está Occidente entero empezando en ella.

En el momento en que nosotros hicimos ataques comandos, lo que había que hacer eran ataques comandos. La gente decía, "¿pero, con ataques comandos ustedes van a tumbar a Fidel Castro?" ¡No!, con ataques comandos no vamos a tumbar a Fidel Castro; pero, con ataques comandos Fidel Castro tuvo que sacar, de las filas de la producción, cuatrocientos mil hombre para cuidar las costas de Cuba. Y la crisis económica violentísima que tiene hoy

Fidel Castro, se debe, en parte, a aquellos ataques comandos que paralizaron en gran porcentaje, la producción cubana.

Ahora bien, en estos momentos no hacemos ataques comandos porque creo que hay labores más indispensables que nosotros concretamente podemos hacer. No estoy condenando los ataques comandos: todo lo contrario. Yo creo que cualquier esfuerzo contra Fidel Castro es un esfuerzo bueno. Quiero decir que nosotros, concretamente, nosotros tenemos cosas más importantes que hacer que ataques comandos. ¿Quiero decir que ya nosotros no volveremos a la etapa de la guerra? ¡No! no quiere decirlo tampoco... Van a seguir sonando las balas. Y van a seguir sonando las balas pero de una manera distinta.

Unas balas con obic, vos concretos; unas balas que están dentro de un plan previamente trazado.

En aquel momento, la estrategia correcta eran los ataques comandos. En estos momentos no quiere decir que sean malos. ¡No! son buenos los ataques comandos; pero creemos que nosotros nos podemos dedicar a labores que sólo nosotros podemos realizar para incluir a Cuba dentro de un plan latinoamericano que ha venido a concretarse en la agresión de la Tri-Continental.

NORMAN DIAZ: Doctor, yo quisiera que usted me concluyera una pregunta, a modo de esclarecimiento. Yo le pregunté que Ernesto Guevara, alias el Che, que representaba la línea china dentro del Ejército, al desaparecer, todavía continuaba habiendo pues rezagos en las filas del Ejército de Cuba, de la tendencia pro-

ALBERTO GANDERO

China.

¿Usted considera que Guevara fue "separado del cargo" o "liquidado físicamente"?

ARTIME: Guevara fue liquidado, porque era el hombre de China para eliminar a Fidel Castro concretamente...

Lo dijimos ya una vez en un programa radial, cuando se anunció el canje. Dijimos que había una violenta pugna y que Ché Guevara era el precio que Rusia había exigido para seguir relaciones con Fidel Castro. La pugna comenzó cuando se llevó a Marcos Rodríguez al juicio... quien fue al juicio aquel en la vieja guardia y quien llevó a Marcos Rodríguez ante el juicio, es precisamente la tendencia pro-China.

NORMAN DIAZ: Vamos a esclarecerle a los oyentes, Doctor Artime, quien es Marcos Rodríguez.

ARTIME: El famoso comunista que fue juzgado y, según dicen, condenado a muerte por haber "delatado" el lugar donde se escondían los estudiantes fuellados durante la época de Batista.

Pero condenados, en realidad, en aquel juicio, toda la "Vieja Guardia", que sabía la historia de Marcos Rodríguez y había apañado a Marcos, en aquella oportunidad.

NORMAN DIAZ: ¿Quien fue quien la condenó?

ARTIME: Quien la condenó fue, la línea china... y todos los dirigidos e íntimos amigos del Ché Guevara. Fidel Castro sirvió de intermediario, al final, para que la culpa recayera sólo en la figura de Marcos Rodríguez y no en la figura de la "Vieja Guardia".

MUNIZ: Comandante Artime, ¿qué resultados cree usted que se produzcan de la Conferencia Tricontinental que se acaba de celebrar en Cuba?

ARTIME: Desde 1935, en que Dimitroff lanzó en el Congreso del Komintern la tesis de los "Servicios populares", no se había producido un impacto de estrategia tan violento como el que se ha producido con la Tri-Continental. La Tri-Continental ha puesto a las palmas latinoamericanas y yo vengo de Latinoamérica ahora exactamente y a los gobiernos latinoamericanos en la declaración de una declaración de guerra.

Y así lo han reconocido gran-

NORMAN DIAZ

des personajes de Latinoamérica; entre ellos, Lleras Camargo de Colombia. Sus resultados han influido, inclusive, en las elecciones de Costa Rica.

En estos momentos, Latinoamérica es completamente consciente que se encuentra en guerra con Cuba. Esta es una jugada rusa... es una jugada rusa para quitarle el control de los comunistas "cabeceras calientes" de Latinoamérica a China de la mano. ¿Y a quién utiliza? ¿Utiliza al peón que puede quemar? ¿Utiliza a Fidel Castro?

¿Quiere decir que Rusia va, hasta sus últimas consecuencias con esta tesis que ha avanzado en la Tri-Continental? Me luce que no. Me luce que Rusia se está guardando las espaldas. Y prueba de ello es que líderes francamente pro-soviéticos como Mora Valverde de Costa Rica, Prestes de Brasil y como Lombardo Toledano de México no asistieron a la Tri-Continental, ni se comprometieron con la Tri-Continental.

¿Qué está preparándose para otra etapa que no es la de la Tri-Continental; pero necesita la Tri-Continental para arrebatarse los partidos comunistas jóvenes a

China de la mano y necesita para socabar la retaguardia de los Estados Unidos de Norte América.

Nosotros tenemos las primeras consignas que han llegado a Latinoamérica, de la Tri-Continental. Las primeras consignas fueron, en primer lugar, internacionalización de la campaña de paz; denuncia del imperialismo norteamericano, tanto en su aspecto militar como económico, fundamentalmente en Viet-Nam, tratando de llevar esta campaña de paz a un "boycot" a los buques de cualquier país que lleven ropa o armas, o tropas o alimentos a Viet-Nam.

Segunda consigna: Penetración de los partidos de izquierda, para hacer que estos partidos de izquierda adopten posiciones radicales que hagan juego con el Comunismo.

Tercera consigna: Cambio de la palabra "Comunismo" por la palabra "Socialismo"... porque se ha dado cuenta que la palabra "Comunismo" inspira auto ya hasta en las zonas subdesarrolladas.

Incremento de las revoluciones y de la subversión en cada uno de los países. Y, en esto, los

comunistas jamás tendrán que caer en manos de Moscú, si quieren recibir alguna ayuda para sus planes subversivos. La van a recibir, pero tendrán que comprometerse con la línea moscovita.

Y, por último, campaña contra el imperialismo, en los dos aspectos, militar y económico dentro de Latinoamérica. Incrementación de las revueltas en Santo Domingo, para tomar a Santo Domingo como una espina irritativa constante que de base a esta campaña.

Todos los países latinoamericanos son conscientes de esto. Todos los países latinoamericanos! Y hay países latinoamericanos que no pueden darse el lujo de continuar la estabilidad de su país con la presencia de un Fidel Castro en Cuba.

La O.E.A. está en una disyuntiva: o toma la decisión para la cual fue creada, o sencillamente, la O.E.A. perderá su vigencia en Latinoamérica.

NORMAN DIAZ: Doctor Artime, en los rotativos internacionales, como en los hilos cablegráficos también internacionales, se ha destacado extraordinariamente la crisis Castro Pekín. ¿Ese hecho puede beneficiar a Castro o, de lo contrario,

¿cree usted que le hará daño suficiente como para contribuir a su derrocamiento?

ARTIME: La línea china, en estos momentos, ya está ocasionándole grandes dificultades a Fidel Castro. Raúl Castro está reunido, hace tres días, con su Estado Mayor y con la Jefatura Suprema de los Cuerpos Represivos para una purga que se avicinia en estos días próximos.

Como usted comprenderá, el señor Embajador Chino, que reparte la propaganda, no va a ir campamento por campamento repartiendo la propaganda china. Había vehículos, dentro de esos campamentos, que hacían circular esa propaganda; y hay hombres, dentro de los campamentos militares de Cuba, que son fanáticos de la línea china. El Che Guevara fue eliminado porque el Che Guevara era la cabeza visible de aquello; pero queda la organización y está vigente y será en los próximos días la primera de la serie de purgas que amenaza al Ejército Rebelde Cubano...

NORMAN DIAZ: Doctor, yo vuelvo a insistir otra vez... "Eliminado" ¿en qué sentido? ¿Separado de las filas del Ejército o eliminado...?

ARTIME: Eliminado físicamente.

RICARDO NUÑEZ

NORMAN DIAZ: ...físicamente. Gracias.

ARTIME: ...El Comunismo los grandes fallos no los perdona con reparación del cargo...

NORMAN DIAZ: Gracias Doctor.

NUÑEZ: Doctor Artime, usted sabe que los comunistas -como regla general- utilizan una serie de medidas para difamar y una serie de rumores para difamar a los dirigentes que se enfrentan contra ellos con éxito.

...Con respecto a esto, me viene a la memoria una anécdota de un Profesor mejicano, que era profesor Universitario, que era destacado anticomunista. Y, a este Profesor, los comunistas empezaron a decir que él había aumentado y se había superado en su carrera debido a que su hermana mantenía relaciones con un influyente personaje. Tiempo después, este señor fue a un programa de Radio y un Periodista, no pudiendo contenerse ante esos rumores que existían, le preguntó "Oigame, existen rumores Profesor, de que su hermana..." Dice el hombre... "pues mire, yo soy el primer sorprendido, porque yo soy hijo único, yo no tengo hermanas"... o sea, yo quisiera que usted me dijera a qué atribuye usted, Comandante Artime, el hecho de que Fidel Castro lo haya tomado como centro de los ataques a los exilados, inclusive llegando a atribuirle riquezas personales y acusaciones de otros tipos?

ARTIME: Esas campañas hacen tiempo que yo las conozco... la ofensiva campaña del restaurant que yo tengo, de los cuatro supermercados; creo que también el dinero para una joyería, vivo en un palacio, que es mío... Esto es viejo...

Cuando dije que Fidel Castro era un traidor, muchas creían en Fidel Castro. La primera acusación que me lanzaron por la espalda fue la de "ladrón de los fondos del INRA"... Ya estoy acostumbrado a esto, en decir, el pueblo de Cuba no cree en nada. Eso es lo que me interesa. Los gobiernos que me ayudan a mí en Latinoamérica, ¿lo creen? No son tontos... no son tontos. ellos no se dejan llevar por campañas; ellos sí saben la verdad. Y saben que todo esto es mentira.

Hay un drama que se está representando en Europa, que es ge-

PANEL

atal. Se llama "El logueta Feliz". Ponen a Juana de Arco en la actualidad y, por supuesto, Juana de Arco llevada por su espiritualismo combatiente contra el Comunismo.

Se reúne la Dirección del Partido Comunista Francés y toman una línea contra Juana de Arco... ¿Quemarla? ¡No!, porque se crea un martir... ¡INFAMARIA! Y empiezan a decir que Juana de Arco lleva una vida libre, que Juana de Arco se ha entregado a los drogones, que Juana de Arco vive con los Capitanes de su Ejército... y el drama termina cuando Juana de Arco, Horacio, le suplica a los comunistas que la quemen! Y el Dirigente del Partido Comunista le dice: ¡NO!, ya tú estas quemada hace rato....

Esta es una vieja campaña... que puede circular dentro de ciertos límites, pero, después de estos límites, ya no circula.

Me da gana de reír, porque el otro día me encontré yo con el dueño de una Joyería y me dijo: "¿Tú sabes que dicen que me diste 10,000 pesos...?" Yo le dije: "Empéñame a pagar, porque de verdad que me hacen gran falta...."

Yo sí tengo riquezas... pero no son esas. La riqueza mía es saber que nosotros tenemos una organización, en toda el área del Caribe que está volando por la seguridad de esos países y más de un Presidente nos debe la vida a nosotros.

La riqueza mía es saber que nosotros tenemos una pequeña

"Granja Modelo" donde se están formando hombres para el futuro y, a partir del mes que viene, empezaran a venir indios latinoamericanos a recibir formación para cambiar el medio ambiente en que ellos se están desarrollando.

La riqueza mía es saber que hay diez muchachos, en distintas universidades, preparándose en campos en que, hasta ahora, Cuba no tenía técnicos y los tendrá en el futuro.

La riqueza mía es saber que las viudas y los familiares de los presos nuestros no están abandonados ni van a pasar hambre.

La riqueza mía está en saber que, dentro de Cuba, se recibe la ayuda del Movimiento... y eso nos cuenta mucha sangre.

Quizá la única riqueza que yo le deje a mi hija sea el nombre mío, limpio... porque, por desgracia, ni siquiera un seguro de vida me quieren hacer las compañías aseguradoras. ¡Será el único que, por tristeza, le pueda dejar yo a mi familia! Y con su cuidado, y eso sí lo cuidaré hasta sus últimas consecuencias....

NORMAN DIAZ: Doctor Artime, todo proceso revolucionario produce siempre nuevas figuras. Y el mensaje de la revolución democrática cubana entraña un gran anhelo, que solo puedo llevarlo adelante con figuras, como usted acaba de decir hace unos momentos, de promociones limpias y sin compromisos pasados.

¡Serán estas figuras, que emer-

gen de este proceso, las que lleven a Cuba liberada el noble mensaje de estos años de sacrificio, de dolor, para darnos una patria mejor que la que teníamos? ¿Tiene usted fé en la fuerza espiritual de su generación? ¿Es usted eminentemente revolucionario, Doctor? ARTIME: Yo me considero revolucionario, Norman, porque yo quiero revocar todas las medidas demagógicas y desastrosas que se han implantado en mi Patria. Yo quiero acabar con el paréntesis; yo quiero acabar con la abolición de la propiedad privada; yo quiero acabar con la discriminación de los hombres que hoy, más violentamente que nunca, se está estableciendo en mi Patria; yo quiero acabar con la oligarquía que disfruta de las riquezas de mi Patria, mientras el pueblo se muere de hambre.

Yo tengo fé en mi generación, Norman. Pero mi generación no es de edad; mi generación es histórica. La generación mía es la de todos los hombres limpios de todos los gobiernos, de todas las edades, de todas las clases sociales y de todos los colores de piel que han pasado por la Historia de Cuba. Hombres que, dentro de sus posiciones, han querido una Cuba mejor que la que siempre tuvimos... Yo en esa generación histórica creo, Norman... tengo fé en ella y creo que el pueblo de Cuba tiene suficiente reserva moral como para obviar todas las dificultades.

Yo creo que nosotros tenemos que lograr la unidad. La unidad de la base, la unidad de la masa, que se acaben ya las pugnas internas... Vamos a olvidarnos de Presidencias de Repúblicas y vamos a olvidarnos de Gabinetes... vamos a acabar con todos los individuos que están concretamente por una ambición personal.

Que se usen los meses o campañas de los líderes... Que los líderes se tendrán que salir si se usen las masas... Vamos a lograr esa unidad necesaria.

Yo quisiera ver, por ejemplo, obras como las de los Municipios Cubanos. Una obra que no es política, una obra que es ayuda humana, una obra que por lograr la unidad de nuestra Patria en pequeñas acciones... Obras como esa, políticas; unidades como esta, que son unidades de bases, mientras no tengan el control político

de nadie... Yo creo que eso es fundamental para el futuro de los que se están lanzando por el camino de la guerra.

Y porque mi organización está constituida por hombres de todas las procedencias, por hombres de todas las edades y por hombres de todas las clases sociales, nosotros tenemos fuerza moral para lanzar un mensaje de esperanza al futuro de Cuba.

Y yo creo que sí, Norman; yo creo que hay una generación histórica que tiene la responsabilidad moral de esta liberación; y tengo fe en esa generación histórica.

NORMAN DIAZ: Lo felicito, Doctor, porque ese es el pensamiento mío.

GANDERO: Ricardo Nuñez, una pregunta rápida y una explicación rápida...

NUÑEZ: Doctor Artime...

¿Qué nos puede decir usted sobre este reciente proceso de Costa Rica, que ha sido tan importante para toda Latinoamérica. Cual es su opinión sobre este proceso y sobre los factores que llevaron a la victoria al ya Presidente Trejos?

ARTIME: En primer lugar, yo creo que es un resultado de la Tri-Continental. Era tal el miedo, que la sospecha de que un candi-

dato pudiera tener contacto con el Comunismo - la sospecha, porque me consta que no había tal pacto - fue suficiente para liquidar a un hombre. Pero, además, se debatió un punto muy importante. Se debatió el control total de la economía por el Estado ó se debatió la libre empresa con proyección social. Eso fue lo que se debatió en realidad en Costa Rica, y el pueblo dió el voto; y el voto del pueblo costarricense es un resumen de lo que es la opinión pública latino-americana en estos momentos.

Yo creo que el momento histórico de los extremismos, tanto de derecha como de izquierda, ya pasó... Y yo creo que el voto, en definitiva, fue dado en San José de Costa Rica.

GANDERO: Una última pregunta rápida, ¿creo que quedan unos segundos...

NORMAN DIAZ: Doctor, realmente usted considera que la pasta traxada en las elecciones efectuadas en estos momentos, en Costa Rica, va a ser decisiva en el resto de Centro y Sur América?

ARTIME: Yo sí lo creo. Yo creo que el que quiera salir por elección popular tiene que analizar,

o sea detenidamente, el resultado de las elecciones de Costa Rica. Yo lo creo honestamente. Y yo quiero felicitar al Señor Presidente de Costa Rica porque ha mantenido la dignidad de ser el hombre que está en el poder y garantizar unas elecciones libres y garantizar la entrega del poder. Es un hombre a quien nosotros los cubanos debemos mucho y es un hombre -el Presidente Orlich- que merece el máximo de respeto.

Yo quisiera utilizar este medio para mandar un mensaje a él. No llega, porque se queda en Miami, pero alguien se lo dirá, dándole las gracias a él, en nombre de todos los cubanos que luchamos por la independencia de nuestra Patria.

GANDERO: Muchísimas gracias, Doctor Manuel Artime, por su comparecencia aquí esta mañana y quiero agradecerle también al buen amigo y compañero Norman Diaz y a Ricardo Nuñez, de servir de Panelistas en este domingo.

Así es que quedan invitados para el próximo domingo, a las 10:30 de la mañana, como de costumbre.

Les deseo todos muy buenos días.

6. According to SOPO, the statements made by ARTIME were directed especially to Cuba and to those who are connected with the CASTRO regime, whereas the exiles were not ready to assimilate the advanced ideas which ARTIME set forth in his statements. It was for this reason, said SOPO, that during a meeting with ARTIME he was advised not to make his statements public to the exiles, for the leftist language would fall like a bomb and would not fit in with the idea that the exiles had of ARTIME as a centrist or a moderate.

NOTE FROM SE:

Attachment No. 1 of DD-1815 carried the statements made by ARTIME as published by Tridente in March, with reference to the CUBELA affair.

Comparecencia del Doctor

MANUEL ARTIME

en el Programa "Pan Americana",
Transmitido por el Canal 10-TV de Miami,
Florida, el día 13 de Febrero de 1966.

GANDERO: Muy buenos días, amables televidentes.

Tenemos hoy, ante nuestras cámaras, a un anti-Castrista muy conocido por ustedes. Pese a su juventud, ha sido actor de grandes acontecimientos en la lucha contra el dictador de Cuba. Me refiero al Doctor Manuel Artime Buesa, a quien el destierro quiere oír porque tiene muchas declaraciones importantísimas que hacer y, por lo tanto, no vamos a hacerle una larga presentación, sino hacer ésta lo más breve posible. No hace falta presentar al Doctor Manuel Artime Buesa.... Así que voy a presentarles el Panel de esta mañana que se compone del conocido Periodista y Gran Comentarista de Miami, Norman Díaz, quien dirige el Periódico "Panamericano", y a Ricardo Nuñez, también muy conocido de ustedes y que escribe en dos diarios aquí en esta ciudad.

Así que, cedo la palabra a Norman Díaz, para la primera pregunta....

NORMAN DIAZ: Muchas gracias, compañero Gandero.

Doctor Manuel Artime, su presencia en este programa tiene un doble interés, en lo que representa su opinión y el hecho de ser usted uno de los cubanos combatientes que más cauteloso ha sido en el uso de los vehículos de propaganda; al grado que a nosotros, los Periodistas, se nos ha hecho a veces difícil conseguir oportunidad para entrevistarlo.

Pero hay algo más significativo, Doctor Artime. En cada ocasión que usted se ha presentado en público es debido a acontecimientos que, indudablemente, tuvieron apariencia de ser decisivos en la lucha contra los comunistas. Tenemos que agregar a esto que, casi siempre, usted dijo lo que resultó después una amarga

DR. MANUEL ARTIME BUESA

verdad... Fue la lucha (ba a resultar "larga, dura y penosa...")

En esta oportunidad, Doctor Artime, y ante sucesos tan espectaculares como los presentes, también con usted que ahora la liberación es un problema que está lejos de resolverse?

ARTIME: Bien, Norman, creo que ahí hay varias cosas que contestar...

En primer lugar, las pocas veces que yo he hecho uso de los canales de publicidad. En realidad -por desgracia- el tipo de labor a que estamos dedicados nosotros, nos impide muchas veces dar pausas para entrevistas periodísticas, porque ustedes los Periodistas preguntan demandado y uno muchas veces, queriendo infundir

ánimo o queriendo contestar realmente a la pregunta que se hace, comete indiscreciones que, a la larga, redundan en perjuicio de la Patria.

En el cuento del famoso mono de la selva, que estaba haciendo ejercicios... Pasó una jirafa y le preguntó: "Monito, que estás haciendo?"... "Estoy haciendo ejercicios para ponerme fuerte y darle un golpe de estado al león y tomarlo"... Al poco rato, pasa un rinoceronte... "Monito, que tú estás haciendo?"... dice: "Yo, aquí, haciendo ejercicios para ponerme fuerte y tomar al león..." Lo llegaron los comentaristas al león y pasó el león y le dijo: "Monito, ¿qué estás que te estás haciendo?"... dijo el:

"Mira, horrido ejercicio y hablando más allá que el diablo..."

(Se ríe en un momento de risa)

Yo no quiero, yo no quiero hacer el papel del monje. Efectivamente, yo dije que la guerra iba a ser muy larga y muy dura... que iba a ser muy cruel. Si quer, con esto, no me ganó simpatías; yo lo siento, mi función no era de ganarme simpatías, mi función es dedicarme por entero a la labor de liberación de mi Patria. Y esa labor de liberación de mi Patria exige que cuando haya que decir una cosa dema se diga esa cosa dura, aunque no sea simpático.

Yo creo hoy que la liberación de Cuba está cerca... Y creo que la liberación de Cuba estaba distante, hoy digo que estoy completamente convencido que la liberación de nuestra Patria se acerca...
NORMAN DIAZ:.... Exponga las razones Comandante...

ARTIME: Varias razones... Primera razón, el estado interno de Cuba. No sólo el estado de desesperación de un pueblo que con la burla de que el que quiera salir podría salir, llenaron sus planillas y hoy se ven discriminados y en la miseria, sabiendo que a lo mejor van a demorar tres años en salir por la vía de salida que les ha ofrecido el Dictador.

Por el estado de las Fuerzas Armadas: de estado no sólo de desmoralización sino de división y de cooperación de las Fuerzas Armadas. Y no solamente los que están cooperando con una idea occidentalista, sino los que están cooperando con una línea china que existe dentro de las Fuerzas Armadas que fué influenciada por el desaparecido Lhr. Guevara... Y por

otro, por la Tentacularial, mi querido Norman.

NORMAN DIAZ: ¿Existe o existió?

ARTIME: Fuiste, existió.

NORMAN DIAZ: Al desaparecer el Che Guevara de las filas del Ejército Rebelde de Cuba, no desapareció la línea china?

ARTIME: El Comandante nunca pone todas las esperanzas en un solo hombre, sino en organizaciones que crea. Y el Comunismo-Chino no es una excepción.

NUNEZ: Comandante, esta respuesta que usted le ha dado al colega Norman Diaz me plantea una duda que yo quisiera que usted me la esclareciera. La duda consiste en lo siguiente: Usted detuvo los ataques comandos que se realizaban. Cuando usted detuvo estos ataques comandos, ¿se debió a que eran inefectivos o estos ataques comandos usted los detuvo porque encajaban dentro del plan de liquidación del régimen de Fidel Castro, o sea, dentro de la estrategia occidental?

ARTIME: ¡Ilicardo!, en realidad, nosotros estamos dentro de una estrategia en la cual no solamente estamos nosotros sino que creo que está Occidente entero empeñado en ella.

En el momento en que nosotros hicimos ataques comandos, lo que había que hacer eran ataques comandos. La gente decía, "¡pero, con ataques comandos ustedes van a tumbar a Fidel Castro!" ¡No!, con ataques comandos no vamos a tumbar a Fidel Castro; pero, con ataques comandos Fidel Castro tuvo que sacar, de las filas de la producción, cuatrocientos mil hombre para cuidar las costas de Cuba. Y la crisis económica violentísima que tiene hoy

Fidel Castro, se debe, en parte, a aquellos ataques comandos que paralizaban en gran porcentaje, la producción cubana.

Ahora bien, en estos momentos estoy condensando los ataques comandos: todo lo contrario. Yo creo que cualquier esfuerzo contra Fidel Castro es un esfuerzo bueno. Quiero decir que nosotros, concretamente, nosotros tenemos cosas más importantes que hacer que ataques comandos. ¿Quieres decir que ya nosotros no volveremos a la etapa de la guerra? ¡No! no quiere decirlo tampoco... Van a seguir sonando las balas, y van a seguir sonando las balas pero de una manera distinta.

Una balas con objetivos concretos: unas balas que están dentro de un plan previamente trazado.

En aquel momento, la estrategia correcta eran los ataques comandos. En estos momentos no quiere decir que sean malos; ¡No! son buenos los ataques comandos; pero creemos que nosotros nos podemos dedicar a labores que sólo nosotros podemos realizar para incluir a Cuba dentro de un plan latinoamericano que ha venido a concretarse en la agregación de la F. Continental.

NORMAN DIAZ: Doctor, yo quisiera que usted me concluyera una pregunta, a modo de esclarecimiento. Yo le pregunté que Ernesto Guevara, alias el Che, que representaba la línea china dentro del Ejército, al desaparecer, todavía continuaba habiendo pues rezagos en las filas del Ejército de Cuba, de la tendencia pro-

ALBERTO CANDERO

China.

¿Usted considera que Guevara fue "separado del cargo" o "liquidado físicamente"?

ARTIME: Guevara fue liquidado, porque era el hombre de China para eliminar a Fidel Castro concretamente...

Lo dijimos ya una vez en un programa radial, cuando se anunció el caso. Dijimos que había una violenta pugna y que Che Guevara era el precio que Rusia había exigido para seguir relaciones con Fidel Castro. La pugna comenzó cuando se llevó a Marcos Rodríguez al juicio... quien fue el jurista aquel en la vieja guardia y quien llevó a Marcos Rodríguez ante el juicio, en precisamente la tendencia pro-China.

NORMAN DIAZ: Vamos a esclarecerle a los oyentes, Doctor Artime, quien es Marcos Rodríguez.

ARTIME: El famoso comunista que fue juzgado y, según dicen, condenado a muerte por haber "delatado" el lugar donde se escondían los estudiantes fusilados durante la época de Batista.

Era un condenado, en realidad, en aquel juicio, toda la "Vieja Guardia", que sabía la historia de Marcos Rodríguez y había apañado a Marcos, en aquella oportunidad.

NORMAN DIAZ: ¿Quien fue quien lo condenó?

ARTIME: Quien lo condenó fue, la línea china... y todos los dirigidos y íntimos amigos del Che Guevara. Fidel Castro sirvió de intermediario, al final, para que la condena recayese sólo en la figura de Marcos Rodríguez y no en la figura de la "Vieja Guardia".

RUIÑEZ: Comandante Artime, ¿qué resultados cree usted que se produzcan de la Conferencia Tricontinental que se acaba de celebrar en Cuba?

ARTIME: Desde 1935, en que Dimitroff lanzó en el Congreso del Kuultem la tesis de los "frentes populares", no se había producido un contacto de estrategia tan violento como el que se ha producido con la Tri-Continental. La Tri-Continental ha puesto a los países latinoamericanos y yo vengo de Latinoamérica ahora exactamente y a los gobiernos latinoamericanos en la disyuntiva de una declaración de guerra.

Y así lo han reconocido gran-

NORMAN DIAZ

des personajes de Latinoamérica; entre ellos, Lleras Camargo de Colombia. Sus resultados han influido, inclusive, en las elecciones de Costa Rica.

En estos momentos, Latinoamérica es completamente consciente que se encuentra en guerra con Cuba. Esta es una jugada rusa... es una jugada rusa para quitarle el control de los comunistas "cabeceras calientes" de Latinoamérica a China de la mano. ¿Y a quién utiliza? ¿Utiliza al peón que puede quemar? ¿Utiliza a Fidel Castro.

¿Quiere decir que Rusia va, hasta sus últimas consecuencias con esta tesis que ha avanzado en la Tri-Continental? Me luce que no. Me luce que Rusia se está guardando las espaldas. Y prueba de ello es que líderes francamente pro-soviéticos como Mora Valverde de Costa Rica, Preston de Brasil y como Lombardo Toledano de México no asistieron a la Tri-Continental, ni se comprometieron con la Tri-Continental.

Moráu está preparándose para otra etapa que no es la de la Tri-Continental; pero necesita la Tri-Continental para arrebatarle los partidos comunistas jóvenes a

China de la mano y necesita para acabar la retaguardia de los Estados Unidos de Norte América.

Nosotros tenemos las primeras consignas que han llegado a Latinoamérica, de la Tri-Continental. Las primeras consignas serían, en primer lugar, intensificación de la campaña de paz; disminución del imperialismo norteamericano, tanto en su aspecto militar como económico, fundamentalmente en Viet-Nam, tratando de llevar esta campaña de paz a un "boycot" a los buques de cualquier país que lleven ropa o armas, o tropas o alimentos a Viet-Nam.

Segunda consigna: Penetración de los partidos de izquierda, para hacer que estos partidos de izquierda adopten posiciones radicales que hagan juego con el Comunismo.

Tercera consigna: Cambio de la palabra "Comunismo" por la palabra "Socialismo"... porque se ha dado cuenta que la palabra "Comunismo" inspira asco ya hasta en las zonas subdesarrolladas.

Incremento de las revoluciones y de la subversión en cada uno de los países. Y, es esto, los

comunicación por vía aérea que caer en manos de Moscú, si quieren recibir alguna ayuda para sus planes subversivos. La van a recibir, pero tendrán que comprometerse con la línea moscovita.

Y, por último, campaña contra el imperialismo, en los dos aspectos, militar y económico dentro de Latinoamérica. Incrementación de las revueltas en Santo Domingo, para tomar a Santo Domingo como una copia irritativa constante que de base a esta campaña.

Todos los países latinoamericanos son conscientes de esto. Todos los países latinoamericanos! Y hay países latinoamericanos que no pueden darse el lujo de continuar la estabilidad de su país con la presencia de un Fidel Castro en Cuba.

La O.E.A. está en una disyuntiva: o toma la decisión para la cual fue creada, o sencillamente, la O.E.A. perderá su vigencia en Latinoamérica.

NORMAN DIAZ: Doctor Artime, en los rotativos internacionales, como en los hilos cablegráficos también internacionales, se ha destacado extraordinariamente la crisis Castro-Pekín. ¿Ese hecho puede beneficiar a Castro o, de lo contrario,

¿cómo usted que le hará más eficiente como país contribuyera a su fortalecimiento?

ARTIME: La línea china, es causa de muchas dificultades a Fidel Castro. Raúl Castro está enojado, hace tres días, con su Estado Mayor y con la Jefatura Suprema de los Cuerpos Represivos para una purga que se avecina en estos días próximos.

Como usted comprenderá, el señor Embajador China, que reparte la propaganda, no va a ir campamento por campamento repartiendo la propaganda china. Había vehiculos, dentro de esos campamentos, que hacían circular esa propaganda; y hay hombres, dentro de los campamentos militares de Cuba, que son fanáticos de la línea china. El Che Guevara fue eliminado porque el Che Guevara era la cabeza visible de aquello; pero queda la organización y está vigente y será en los próximos días la primera de la serie de purgas que amenaza al Ejército Rebelde Cubano...

NORMAN DIAZ: Doctor, yo vuelvo a insistir otra vez... "Eliminado". ¿en qué sentido? ¿Separado de las filas del Ejército o eliminado...?

ARTIME: Eliminado físicamente.

NORMAN DIAZ: ...físicamente. ¿Correcto?

ARTIME: ¿Qué? Comienzo los grandes líos con las personas con separación del car...

NORMAN DIAZ: Gracias Doctor. **NÚÑEZ:** Doctor Artime, usted sabe que los comunistas -como regla general- utilizan una serie de mentadas para difamar y una serie de rumores para difamar a los dirigentes que se enfrentan contra ellos con éxito.

...Con respecto a esto, me viene a la memoria una anécdota de un Profesor mejicano, que era profesor Universitario, que era destacado anticomunista. Y, a este Profesor, los comunistas empezaron a decir que él había aumentado y se había superado en su carrera debido a que su hermana mantenía relaciones con un influyente personaje. Tiempo después, este señor fue a un programa de Radio y un Periodista, no pudiendo contenerse ante esos rumores que existían, le preguntó "Oigame, existen rumores Profesor, de que su hermana..." Dice el hombre... "pues mire, yo soy el primer sorprendido, porque yo soy hijo único, yo no tengo hermanas"... o sea, yo quisiera que usted me dijera a qué atribuye usted, Comandante Artime, el hecho de que Fidel Castro lo haya tomado como centro de los ataques a los exilados, inclusive llegando a atribuirle riquezas personales y acusaciones de otros tipos?

ARTIME: Esas campañas hace tiempo que yo las conozco... la célebre campaña del restaurant que yo tengo, de los cuatro supermarkets; creo que también di dinero para una joyería, vivo en un palacio, que es mío... Esto es viejo...

Cuando yo dije que Fidel Castro era un traidor, muchos creían en Fidel Castro. La primera acusación que me lanzaron por la espalda fue la de "ladrón de los fondos del INRA"... Ya estoy acostumbrado a esto, me dicen, el pueblo de Cuba no cree en nada. ¡Eso es lo que me tataran los gobiernos que me ayudan a mí en Latinoamérica, ¿lo creen? No son tontos... no son tontos, ellos no se dejan llevar por campañas; ellos sí saben la verdad. Y saber que todo esto es mentira.

Hay un día que se está representando en Europa, que en go-

nal. Se llama "Lalaguera Feliz". Ponon a Juana de Arco en la actualidad y, por supuesto, Juana de Arco llevada por su espiritualismo combata contra el Comunismo.

Se reúne la Dirección del Partido Comunista Francés y toman una línea contra Juana de Arco... ¿Quemarla? ¡No!, porque se crea un martir... ¡INFAMARIA! Y empiezan a decir que Juana de Arco lleva una vida libre, que Juana de Arco se ha entregado a las drogas, que Juana de Arco vive con los Capitanes de su Ejército... y el drama termina cuando Juana de Arco, llorando, le suplica a los comunistas que la quemen! Y el Dirigente del Partido Comunista le dice: ¡NO!, ya tú estas quemada hace rato...

Esa es una vieja campaña... que puede circular dentro de ciertos límites, pero, después de ciertos límites, ya no circula.

Yo da ganas de reír, porque el otro día me encontré yo con el dueño de una Joyería y me dijo: "¿Tu sabes que dicen que me diste 10,000 pesos...?" Yo le dije: "Empléamelos a pagar, porque da verdad que me hacen gran falta..."

Yo sí tengo riquezas... pero no son esas. La riqueza mía es saber que nosotros tenemos una organización, en toda el área del Caribe que está volando por la seguridad de esos países y más de un Presidente nos debe la vida a nosotros.

La riqueza mía es saber que nosotros tenemos una pequeña

"Granja Modelo" donde se están formando hombres para el futuro y, a partir del mes que viene, empezaran a venir indios latinoamericanos a recibir formación para cambiar el medio ambiente en que ellos se están desarrollando.

La riqueza mía es saber que hay diez muchachos, en distintas universidades, preparándose en campos en que, hasta ahora, Cuba no tenía técnicos y los tendrá en el futuro.

La riqueza mía es saber que las viejas y los familiares de los presos nuestros no están abandonados ni van a pasar hambre.

La riqueza mía está en saber que, dentro de Cuba, se recibe la ayuda del Movimiento... y eso nos cuesta mucha sangre.

Quizá la única riqueza que yo le deje a mi hija sea el nombre mío, limpio... porque, por desgracia, ni siquiera un seguro de vida me quiere hacer las compañías aseguradoras. ¡Será lo único que, por tristeza, le pueda dejar yo a mi familia! Y eso sí lo cuidaré hasta sus últimas consecuencias...

NORMAN DIAZ: Doctor Artime, todo proceso revolucionario produce siempre nuevas figuras. Y el mensaje de la revolución democrática cubana entraña un gran anhelo, que solo puede llevarse adelante con figuras, como usted acaba de decir hace unos momentos, de promociones limpias y sin compromisos pasados.

¿Serán estas figuras, que emer-

gan de este proceso, las que lleven a Cuba liberada el noble mensaje de estos años de sacrificio, de dolor, para darnos una patria mejor que la que teníamos? ¿Tiene usted fe en la fuerza espiritual de su generación? ¿Es usted eminentemente revolucionario, Doctor? ARTIME: Yo me considero revolucionario, Norman, porque yo quiero revocar todas las medidas demagógicas y desastrosas que se han implantado en mi Patria. Yo quiero acabar con el paredón; yo quiero acabar con la abolición de la propiedad privada; yo quiero acabar con la discriminación de los hombres que hoy, más violentamente que nunca, se está estableciendo en mi Patria; yo quiero acabar con la oligarquía que disfruta de las riquezas de mi Patria, mientras el pueblo se muere de hambre.

Yo tengo fe en mi generación, Norman. Pero mi generación no es de edad; mi generación es histórica. La generación mía es la de todos los hombres limpios de todos los gobiernos, de todas las edades, de todas las clases sociales y de todos los colores de piel que han pasado por la Historia de Cuba. Hombres que, dentro de sus posiciones, han querido una Cuba mejor que la que siempre tuvimos... Yo en esa generación histórica creo, Norman... tengo fe en ella y creo que el pueblo de Cuba tiene suficiente reserva moral como para obviar todas las dificultades.

Yo creo que nosotros tenemos que lograr la unidad. La unidad de la base, la unidad de la masa, que se acaben ya las pugnas tonteras... Vamos a olvidarnos de Presidencias de Repúblicas y vamos a olvidarnos de Generalaturas... vamos a acabar con todos los individuos que están concretamente por una ambición personal.

Que se unan las masas a espaldas de los líderes... Que los líderes se tendrán que unir si se unen las masas... Vamos a lograr una unidad necesaria.

Ya quisiera ver, por ejemplo, otras como las de los Municipios Cubanos. Una obra que no es política, una obra que es de ayuda mutua, una obra que para lograr la unidad de nuestra Patria en pequeñas unidades... Obras como esa, políticas; unidades como esta, que son unidades de base, mientras no tengan el control político

de odio... Yo creo que es fundamental para el futuro de los que se están lanzando por el camino de la guerra.

Y porque la organización está constituida por hombres de todas las procedencias, por hombres de todas las edades y por hombres de todas las clases sociales, nosotros tenemos fuerza moral para lanzar un mensaje de esperanza al futuro de Cuba.

Y yo creo que sí, Norman; yo creo que hay una generación histórica que tiene la responsabilidad moral de esta liberación; y tengo fe en esa generación histórica.

NORMAN DIAZ: Lo felicito, Doctor, porque ese es el pensamiento mío.

GANDERO: Ricardo Nuñez, una pregunta rápida y una explicación rápida...

NUÑEZ: Doctor Artime... ¿Qué nos puede decir usted sobre este reciente proceso de Costa Rica, que ha sido tan importante para toda Latinoamérica. Cual es su opinión sobre este proceso y sobre los factores que llevaron a la victoria al ya Presidente Trejos?

ARTIME: En primer lugar, yo creo que es un resultado de la Tri-Continental. Era tal el miedo, que la sospecha de que un candi-

dato pudiera tener contacto con el Comunismo - la sospecha, porque me consta que no había tal pacto - fue suficiente para liquidar a un hombre. Pero, además, se debatió un punto muy importante. Se debatió el control total de la economía por el Estado ó se debatió la libre empresa con proyección social. Eso fue lo que se debatió en realidad en Costarrica, y el pueblo dió el voto; y el voto del pueblo constatación en un resumen de lo que es la opinión pública latinoamericana en estos momentos.

Yo creo que el momento histórico de los extremismos, tanto de derecha como de izquierda, ya pasó... Y yo creo que el voto, en definitiva, fué dado en San José de Costa Rica.

GANDERO: Una última pregunta rápida, creo que quedan unos segundos...

NORMAN DIAZ: ¿Doctor, realmente usted considera que la pauta trazada en las elecciones efectuadas en estos momentos, en Costa Rica, va a ser decisiva en el resto de Centro y Sur América?

ARTIME: Yo sí lo creo. Yo creo que el que quiera salir por elección popular tiene que analizar,

en consecuencia, el resultado de las elecciones de Costa Rica. Yo lo creo honestamente. Y yo quiero felicitar al Señor Presidente de Costa Rica porque ha mantenido la dignidad de ser el hombre que está en el poder y garantizar una elección libre y garantizar la entrega del poder. En un hombre a quien nosotros los cubanos debemos mucho y en un hombre - el Presidente Orlich - que merece el máximo de respeto.

Yo quisiera utilizar esta medio para mandar un mensaje a él. No llega, porque no queda en Miami, pero alguien se lo dirá. Dándole las gracias a él, es sobre de todos los cubanos que luchamos por la independencia de nuestra Patria.

GANDERO: Muchísimas gracias, Doctor Manuel Artime, por su comparecencia aquí esta mañana y quiero agradecerle también al buen amigo y compañero Norman Diaz y a Ricardo Nuñez, de servir de Panelistas en este domingo.

Así es que quedan invitados para el próximo domingo, a las 10:30 de la mañana, como de costumbre.

Les deseo a todos muy buenos días.

2. Contents of this paragraph are based on personal observation and personal contacts with PLM officials by ARIZURRIETA. They constitute his analysis of the current state of affairs within that party.

A. The PLM is now split into two main groups, with "Chico" ORLICH and Daniel ODUBER in a temporary marriage of right and left wings opposing a second group headed by "Pepe" FIGUERES and Father NUÑEZ. The ORLICH-ODUBER group proposes to turn over the government peacefully to President-elect TREJOS, then to operate as a democratic opposition through the National Assembly where they hold the real power and can cooperate with or oppose the President when it is to their advantage. They feel that, in the long run, this will strengthen their party and allow them to win the next elections. They do not want to fight with the SOMOZA's on the grounds that this might unnecessarily force TREJOS and the SOMOZA's closer together.

B. The FIGUERES-NUÑEZ group do not wish to turn the power over to TREJOS under any circumstances. They are trying to stir up trouble as soon as possible, saying the election was won by immoral means and is, therefore, not valid. They say that now is the time to strike before TREJOS and his people get into power and get better organized. They claim to be waiting only for a reasonable pretext to make their move. On 17 April 1966 at FIGUERES' plantation "La Lucha", he met with a group of PLM leaders, mostly loyal to himself, but with a few whom he believed would go along with his plans, and discussed what steps to take. The decision was to make a big publicity campaign through the National Assembly, accusing the SOMOZA's of violating Costa Rican dignity and national integrity by bringing along a large unit of Nicaraguan armed soldiers each time they visit their holdings in Costa Rica. (ARIZURRIETA stated the campaign was actually begun on 19 April 1966. At about that time, Managua Station noted articles in the same vein in the local opposition newspaper, "La Prensa".)

3. ARIZURRIETA says he got the contents of the following sub-paragraphs from a young Costa Rican who worked at one of the AMORLD training bases, was approached by the Communists for recruitment, and has been handled since as a penetration of the Party by ARIZURRIETA. This individual is unidentified.

A. Classes in subversion and guerrilla warfare are being conducted at training centers in Limón on the Atlantic Coast region, and at Nicoya for the Pacific area. One of their basic texts is a pamphlet titled "Cuba on March" by Francisco GARCIA. Their objective is to organize a general strike in the banana fields, particularly on the Pacific Coast to include Chiriqui and David in Panama. This strike is planned for about 8 or 9 May 1966 so it will be in progress during the TREJOS inauguration. At the same time, the Party is preparing agitators and student organizers to make demonstrations against the presence of either of the SOMOZA brothers at the ceremony. They are considering two possibilities:

continued.....

(1) If a big bodyguard accompanies SOMOZA, they will make accusations of violation of Costa Rican sovereignty and national integrity by an invasion of armed Nicaraguans and try to get demonstrations started that will snowball into uncontrolled riots.

(2) If SOMOZA does not bring a large bodyguard, they will shoot him. (Note: ARIZURRIETA says the Communists claim that FIGUERES is in league with them. They say that after the 17 April 1966 meeting at "La Lucha", he discussed the plans for the strike and student demonstrations with them. When talking about SOMOZA, he was quoted as saying, "Perhaps we need a dead man to help our revolution.")

3. ANBIDDY-1 says the following information has come to him and to ARIZURRIETA from Roberto MADRIZ, described as personal secretary to President ORLICH. MADRIZ says he has heard ORLICH and ODUBER discussing FIGUERES' opposition to TREJOS taking over the Government, and they decided the real reason was that he owes the National Bank several millions that he cannot repay and which were borrowed over the years on the basis of his political prominence without sufficient collateral. FIGUERES feels that if this fact were revealed by an unfriendly government, such as that of TREJOS, he would be finished forever politically.

Marzo 18-1966.-

SR: Manuel Artine

Director Frente Revolucionario Cubano en el Exilio.

Miami Florida E:U:A.-

Van estas lineas para desearle toda clase de ventura personal y al mismo tiempo exitos en el Honroso cargo que esta depositado en sus manos, para destruir definitivamente de Cuba al sanguinario Gobierno Comunista de Fidel Castro.-

A continuacion quiero manifestarle lo siguiente: En esta Ciudad de San Pedro Sula vive una familia de Idiologia Marxista, ademas mandaron a ~~XXXXXXXXXXXXXXXXXXXX~~ un Hijo de ellos a prestar sus servicios al Gobierno Comunista de la Habana en Marzo de 1961, este peligroso Comunista Internacional se llama Eliceo Mejia Cabrera O Rovelo, segun tenemos datos esta siendo entrenado en diferentes ramas de sabotaje y Terrorismo, es Hombre de toda confianza del Sanguinario Jefe del G=2 Cuano Ramiro Valdez.

Esta ~~XXXXXX~~ sirviendo como enlace del Comunismo Internacional para varios Países de Centro America y la America del Sur, entre los cuales se encuentra Guatemala-HONDURAS- Panama- Venezuela-Colombia-Peru-Bolivia.-Dando Consignas para Derrocar a estos Países Democráticos de America y ponerlos a las ordenes de Moscu- Pequín y la Habana, el Pasaporte lo tiene con nombre distinto lo mismo que apellido y Nacionalidad tambien, a viajado a Países Comunistas tales como Praga-Moscu- Pequín.-

Sus viajes para nuestra America los hace via Mexico, Paiz este que se presta para la infiltracion Comunista en nuestra America, UD: SR. Artine lo comprende que haci es.-

Aqui esta otra Informacion importante para UD: Con ordenes de Eliceo Mejia Rovelo O Cabrera quien se encuentra en la Habana, se han trasladado a fijar su Residencia a los Angeles Estado de California E:U:A: tres primas Hermanas de este Peligroso Comunista Internacional, llaradas Nora- Oneyda y Marina Amaya Cabrera; las tres cumplieron ordenes de Eliceo desde la Habana para dicho viaje, el dinero para sus pasajes en Avion y demas gastos en este Consulado se los envio su muy famoso primo Hermano Eliceo desde la Habana. Tambien tenemos noticias que existe correspondencia desde la Habana con ellas tres, pero con nombre y direccion distinta, cosa que les va ser difil controlar estas cartas, estas tres Comunistas que se encuentran alli en los Angeles ~~XXXXXXXXXXXXXXXXXXXX~~ son muy vivas y astutas.

Tienen ordenes de su primo hermano Eliceo de la Habana que vijilen todas las Actividades de la Agencia Central de Inteligencia (Cia) y del F-B-I.- Tambien tienen Ordenes de su primo hermano Eliceo de negar bajo todo punto de vista que son primas Hermanas de el y que todo eso quede en el misterio mas grande, para burlar una vez mas a las Autoridades de los E:U:A.- Debido que si la Agencia Central de Inteligencia (CIA) llega a saber ese parentesco existente con el serian extrañadas de los E:U:A.- y el perderia el control que tiene por el momento con ellas tres, las ^{que} ellas mandan van a dar directamente a manos del Comandante Raul Castro, para mejor Informacion suya.-

Noneyda y Marina Amaya Cabrera, turisaron al Honorable Consul Americano de esta Ciudad en toda forma, tambien se manifestarle que cuando Marina Amaya Cabrera recibio ordenes de Eliceo de la Habana para que se trasladara a los Angeles, no quiso sacar su visa en este Consulado de San Pedro Sula, donde tenia que sacarla por recidir ella aqui en esta Ciudad. ~~XXXXXXXXXX~~ ^{segun} tengo informacion fue a sacar su Visa a Tegucigalpa sorprendiendo una vez mas a dicha Embajada Americana, pues ella ya tenia datos que se le estaba siguiendo la pista. UD: sabe muy bien SR: Artime que los Comunistas agotan todos los recursos que poseen para triunfar con sus planes que tienen y siguen las ordenes que reciben.

Tambien le comunico que tiene viaje a fijar su Residencia a los Angeles Estado de California otra prima Hermana del Comunista Eliceo Mejia Robelo O Cabrera y Hermana de las tres Comunistas que ~~XXXX~~ le mencione en esta carta, llamada Lila Amaya Cabrera V de Lopez, llegando en esa forma cuatro primas Hermanas del peligroso Comunista Internacional que tendran su asiento en los E:U:A. saboteando la Labor de la (CIA) Sirviendo todas ellas de Puente de Enlace del Comunismo Internacional.-

La Señora. Lila Amaya Cabrera V de Lopez solamente espera el dinero que le enviara su primo Hermano Eliceo desde la Habana, para presentarse al Consulado Americano ~~XXXXXXXXXXXX~~ para su correspondiente Visa burlando una vez mas al Consul Americano de esta Ciudad.-

Seria correcto SR: Artime que se le ordene al Consulado Americano de esta Ciudad que cancele la Visa de la Señora Lila Amaya Cabrera V de Lopez por ser enemiga de los E:U:A. y profesar Idiologia Extra-Continental y por tener un primo Hermano prestando sus servicios a un Gobierno que busca la destruccion de la Gran Democracia Americana, ~~con sede en la Habana, Moscu y Peking.~~ Desterrar de los Angeles Estado de California a estas tres Comunistas Internacionales llamadas Nora- Noneyda y Marina Amaya Cabrera, por las vinculaciones familiares y Correspondencia, con su primo Hermano Eliceo Mejia Robelo O Cabrera quien se encuentra prestando sus servicios al Gobierno Comunista de la ~~XXXXXX~~ Habana, para que sean remitidas a su Pais de Origen San Pedro Sula, Honduras Centro America.-

Tengo la plena seguridad que UD: sabra atender esta mi carta, debido que esta basada a la verdad y nada mas que a la verdad, tengo la seguridad que al ser capturadas estas tres Comunistas alli en los Angeles negaran a pie junto toda clase de vinculaciones familiares con Eliceo Mejia Robelo O Cabrera, todo eso se debe que tienen ordenes del Comunista Mejia Robelo de negar ese parentesco Familiar.- Se manifestarle tambien que tiene Viaje para Cuba Comunista un sobrino del Peligroso Comunista Internacional Eliceo Mejia Robelo O Cabrera llamado Heicel Mejia Morales, quien Estudia en un Instituto de esta Ciudad, el propio ~~XX~~ Eliceo lo llama de la Habana, Heicel tiene viaje para Cuba en Septiembre de este Año segun tengo noticias, Heicel es sobrino de estas cuatro Comunistas Mujeres que le menciono en esta mi carta, tres de ellas ya tienen fijada su Residencia alli en los E:U:A. otra mas esta por irse de esta Ciudad hacia los Angeles con el mismo proposito.-

Pongase en contacto con la Agencia Central de Inteligencia (CIA) para desterrar de los Angeles a estas tres Comunistas que le menciono en esta mi carta y que den ordenes al Consul Americano de esta Ciudad para cancelar la visa que le menciono, de la Señora Lila Amaya V de Lopez.- Quiero que mi nombre no halla hacer revelado por temor a las represalias de esta Familia Comunista.- Afmo.-

Estimado Jim:

Como acordamos, te envío un reporte del resultado de la visita de Antonio Sanz a Europa.

- 1- Antonio salió para Francia el 12 de Marzo de 1966.
- 2- Pasó de Francia a España en automóvil (no exigen más que la presentación de Pasaportes a los ciudadanos españoles y Antonio lo es) por Irún. Llegó a San Sebastián.
- 3- Se entrevistó el 16 de Marzo de 1966, a las 12 de la noche con el "Hugo" Robreño y con "El gallego" López Lourido. La entrevista se prolongó hasta las 3 de la madrugada.
- 4- Lo que se trató:

a) Afmejeiras, el Comandante ^{Rosel Valdivia} Quevedo (el de la Universidad), el Comandante Almeida y el Comandante Guillermo García. Estaban en el complet. Es de notar que cuando se celebró la entrevista, aún no se había detenido a Afmejeiras en Cuba; es decir, no puede haber sido invención del "Hugo".

b) Que en realidad, el grupo completado no necesitaba de nosotros militarmente, sino políticamente, pues nuestros contactos internacionales y nuestro prestigio con el pueblo cubano, iba a acortar la lucha y conduciría rápidamente a la estabilización del país.

c) Que a través del piloto de Cubana que le servía de correo, supo que lo que quedaba de la conspiración (si es verdad que Almeida y Guillermo García están, lo que queda es lo principal) quería establecer contacto con gente de Antima y que como "El Hugo" ya estaba "quemado", tratarían de hacerlo a través del Embajador de Cuba en Suiza.

- 5- Q d) Que sería conveniente que alguien importante del grupo de Antima hablara con el Embajador de Cuba en Suiza.

Esto que te envío es un resumen de lo importante que se habló.

((Como ves, si es cierto todo lo que dice, merecería la pena ir a Suiza (Antonio Sangre u otro) para hacer contacto con este señor.

El viaje de Antonio, más los gastos de transporte para no ir directamente a España, más otros gastos, como fue darle \$300.00 al "Papo", no me permite seguir en esto si

* Vds. no consideran esto de viajar. Si creen que debo seguirlo, por indicios de que pueda ser cierto, entonces si estoy dispuesto a seguirlo, cueste lo que cueste.

Adjunto te envío unas declaraciones que creo se están transmitiendo por onda larga

(radio) a Cuba. Si es cierto, opino que los párrafos que están subrayados pueden ser

muy negativos para cualquier conspiración que exista dentro de Cuba. Si pudiera evitarse

el que esto se transmitiera para Cuba, sería muy bueno, pues a ningún militar

rebelle le va a gustar que lo traten como "corrupto", "inmoral", etc, etc.

Suplícote hagas lo posible por conseguir el programa radial para Cuba.

Sin más nada por el momento se despide de tí, tu amigo que te aprecia:

Monoly advised by phone 5 April that we had no interest
in further steps or contacts in Europe.

Estimado amigo:

Quisiera notificarles de lo siguiente:

1- Han sido becados para estudiar en Paraná, por la Universidad de Harvard:

Felipe Villanous

Eugenio Claude

Luis Ferrández Mayato

Juan Ferrández Garrido

Orlando Piloto

2- Ha sido invitado por Daniel Oduber a presenciar los comicios de Costa Rica:

Rafael García (Secretario de Juventudes)

3- Ha partido para Lima, Perú, como Delegado del Movimiento, que informará de la situación en ese lugar: Eduardo García Dantayez

4- El General Somoza se entrevistó con el Coronel López de Honduras, para aconsejarle dejara la bebida y prestara más atención a su Gobierno, pues las Fuerzas Armadas estaban muy inquietas y descontentas.

5- La Base "Zenón Viera" fue entregada al fin al Gobierno, por lo que retiramos los hombres que allí nos quedaban. Hemos tenido que dejar personal en el Bluff por motivos que Vds. comprenderán.

6- El detenido Albuena fue entregado al Gobierno Nicaragüense para que lo condujese a El Salvador con algún dinero que se le entregó. El detenido parece que no formará escándalo dado que tenemos un papel escrito por una madre devota se le acusa de violación de un merve de ciudad en Miami.

7- Insisto en la necesidad de un programa de onda larga para Cuba.

- 8- A través de una tía política del líder estudiantil preso Pedro Luis Boytell (la tía se llama Esperanza Valaén) me he enterado por cartas de la madre de Pedro Luis, que se encuentra en estado de coma en el Hospital del Presidio de Isla de Pinos. La madre dice que la única forma de salvarlo es sacándolo de Cuba por conje con otros Gobiernos Latino-americanos. Es decir: cambiándolo por otros presos comunistas. Yo le dije a la tía que haría gestiones con Somocú pero que dudaba que él tuviera presos comunistas para conje. La madre de Pedro Luis cometió el error de hablar por teléfono con la tía y mencionó mi nombre como individuo que quizás pudiera hacer algo por él. (La madre habló desde Cuba)
- 9- Por carta de Emilia Luzarraga me he enterado que la situación de los presos que han rechazado el indocctrinamiento comunista, es terrible. Entre ellas están las ~~prisioneras~~ presas del N.R.R. y por supuesto Lino Fernández entre ellos. La esposa y los hijos de Andrés (no posiblemente salgan para Miami).
- 10- Notó ciertas irregularidades en el vehículo español con respecto a la correspondencia, estoy tratando de comprobar si al unas cartas "se pierden" y tratando de "chequear" si el dinero que se manda se recibe en esa. Sé que el dinero se recibe, lo que no sé es si en la cuantía en que se manda.
- 11- A petición de Daniel Oduber hemos publicado un reportaje en "Tridente" donde se rebate la posibilidad de que Daniel sea comunista. Daniel utilizará esto en su campaña.
- 12- Informes de Panamá me dicen que la situación en ese país empeora por días, ya que el Gobierno tiene una actitud muy débil y muchos amigos que rodean a Marcos Robles han caído en robos al dinero del Estado, desacreditando al Gobierno. El recién surgido Partido Demo-Cristiano, está en plan de agitación, habiendo hecho contactos con la gente de Arias y según me cuentan, con algunos elementos comunistas. Parece ser que el comunismo se está escondiendo detrás del Partido Demo-Cristiano. Lo que sí es positivo, es que la agitación tiene un franco matiz anti-anti-comunista, y que el Gobierno está a la defensiva, una defensiva muy débil. Que course

de elementos capacitados para iniciar una ofensiva propagandística de defensa. El tema del nuevo contrato del Canal, será uno de los temas más corrientes de la campaña de agitación. Los miembros nuestros becados, tienen instrucciones de observar e informar al respecto.

13-En Venezuela el anti-norteamericanismo se hace cada vez más patente en las esferas gubernamentales. Parece ser que Paz Galarraga es el centro de esta actitud hostil. Parece ser que en conversaciones privadas ha llegado a llamar al dinero de la Alianza para el Progreso: "el dinero maldito". Parece ser que tiene una gran influencia sobre Leoni y posiblemente sea el próximo candidato del Gobierno a la Presidencia de la República. Se habla insistentemente de que si "El Partido Copey" sigue ganando campo, el Gobierno soltará a Perez Jiménez para que aspire y divida la oposición restando votos al Copey.

Cada vez hay más militares en estado de descontento.

14-Suplico se me dé el nuevo teléfono de vuestra Oficina, ya que al llamar al que yo conocía, me sale un "record" que me dice que el teléfono no está en uso, creando una dificultad si tengo que notificar algo urgente e importante.

Con un abrazo de su amigo:

Ignacio
